

Summer Required Math Entering Fourth Grade 2018-2019

Students entering the fourth grade are required to purchase and complete the Summer Solutions: Minutes a Day-Mastery for a Lifetime! Common Core Mathematics Level 3.

Summer Solutions: Common Core Mathematics Level 3

• **ISBN-13: 978-1608731848**

Available for purchase online at:

- www.SimpleSolutions.org
- www.amazon.com

When you come back in August for the start of your fourth grade year, please bring your completed summer math workbook with your name written on the cover by the third day of school on Wednesday, August 15th. The summer math workbook will be accounted for in two different ways for the first quarter report card:

- 1) Workbook Completion Grade - This is a bonus or extra credit grade based on completion of the workbook with effort. Parent handwriting/work will not be accepted.
- 2) Summer Math Test - **All students** will be given the summer math test over the skills in the Summer Solutions Level 3 Mathematics workbook which will be counted as a grade for the first quarter.

****In addition to the summer math workbook, it is very important that you know and quickly recall your basic facts of multiplication 0 - 9.** The fourth grade curriculum assumes that these skills have been mastered in third grade. This year you will be putting together multistep problems using all the facts. It is in your best interest to be able to quickly recall basic multiplication facts so that you do not struggle.

Enjoy your summer and see you in August!
