2018-19 Passion Project Showcase

Wednesday June 5, 2019

Olinda Elementary School MPR

6:00 - 7:00 p.m.

Passion Projects provide a path for inquiry & discovery of a child's natural curiosity! At BOUSD, we believe that it is important to allow students to ask questions, investigate, take ownership, and experience a topic that personally interests them. A child's inner genius is released when given permission to explore new ideas that have personal meaning attached. Our Passion Projects are completely student driven, not only in content but also in the means of learning expression. You will see student created exhibits, documentaries, websites, performances, and much more!
