

STORM ROUTES

2018/19

In order to assure student safety, Calhan School District will implement "Storm Routes" for use on days when dirt roads are impassable but the pavement is safe to drive on, we will run buses only on paved roads, or if weather conditions are deteriorating fast enough we need to get the students home as fast as possible. Parents will be alerted on the TV and Radio as well as receiving phone calls from the reverse calling system.

- **The routes are designed so that no students cross the road, often when we are in a storm route situation, we also have poor visibility, because of this.....**
- **The safest and quickest way to get you student home may be on another route with a different driver.**
- Please bring your child to the listed bus stop that is nearest your home. If the designated time is an issue, **you are welcome to meet the bus at another listed location**, however....
- You will need to meet the correct bus in the afternoon in order to pick up your children.
- Keep in mind that these times are approximate. While we will do our best to keep to this schedule, please be flexible and make allowances for road conditions.
- **Please DO NOT leave your child at the bus stop**; wait for the bus to arrive to pick up your child. Be sure to leave room for the bus to park when it arrives.
- In the afternoons, please be at the stop several minutes ahead of the estimated drop time. The bus cannot safely wait on the road for parents to arrive.
- Please be parked on the correct side of the road to drop off or receive your students.
- We will plan to run the storm route morning and afternoon unless the conditions change greatly, in which case you will be notified again by our reverse calling system.
- You can find the list of stops for your child below.
- Storm Routes include our special van routes as well.
- For any further information or clarification, please talk to your child's driver or call Amie Waugh 347-2766 ext. 299

Rt. 1 (Dinosaur)
