The following is a question and response regarding Bid #1209-18/19:

- 1. For section 4, Technical Specifications and Budgetary Project Estimates: What is the intention of this section? It seems that the District is looking for pricing on product/services that improve the WLAN, but not having performed the Wireless Survey to this point, how can any pricing be provided? If pricing is required at this time, for that component of section 4, can you please clarify what you are looking for?**

Response: See section 4, paragraph 1.
