## **Partners in Education Program**

**The Eagle's Landing Christian Academy Partners in Education Program, is designed to link community businesses to our school for mutual benefit of both parties.**

**The program involves a yearly commitment that grows and develops between a business and ELCA. The Partners in Education relationship is designed to create a support system from the resources of a business to help meet the needs of the school. In return, ELCA provides promotion for the business through the various communication tools of the school.**

**The partners must recognize that the school administration and staff are primarily responsible for the students, their education, spiritual growth, and well-being. It must be understood that the school has final approval on all decisions.**

**Listed below are some suggestions for Partner involvement:**

- **Teacher Appreciation Lunch Sponsor/Contributor**
- **Special Event Sponsor (Back to School Day, Homecoming, etc.)**
- **Gift Certificates/Awards to Students for Academic Achievements, etc.**
- **Award mini-grants to teachers/academic projects**
- **Provide job training site for high school students**
- **Give instruction in interview techniques and tips for job application**
- **Provide scholarships for graduating seniors**
- **Support Career Day by hosting student tours at your place of business**
- **Donate Supplies or Materials to school**

**In appreciation for the partner's financial/in-kind support (approximately \$500 annually) the school will recognize them with a Partner in Education plaque to display at their business, list them on the Partner's board located at the school, and provide a hyperlink to their business via our school website – Partners in Ed page. Other ways of recognition may include, assist with entertainment for special programs (chorus, band, drama) invitation to school activities, host Partners Day/Night at sporting events, and arrange media coverage for activities between school and partner.**

**A partnership commitment will last one school year and be reaffirmed each year thereafter.**
