

DRIVERS ED F.A.Q's

1. How do I sign my child up for Drivers Ed?

- If your child is not 15 yet, they will get assigned to a class during the year. We post classes around the school, put a message in google classroom, Admin also sends a message home by phone, and we make daily announcements during school prior to class.

2. What if my child DOES NOT go to Fike?

- We get out of school at 230 so most non Fike kids will have to take the late class 5-730. Email Bryce Wolzen or Glenn Jones to get put in the class. Most classes fill up fast so there isn't many extra spots available.

3. My child is already 15, how do they get into class?

- They can get permission from Mr. Wolzen to be added to the class, or get put on standby on who shows up on the first day of class.

4. Does the class cost money?

- The class part is free to everyone to take. The Driving part costs \$65 and can be paid online or by cash/check in the front office.

5. When are the classes and times?

- We offer classes in Sept, Nov, Feb, April, and one in June when school gets out. We offer 2 classes per session during school, one right after school 230-5 and the other class 515-8. We meet Mondays, Tuesdays, and Thursdays

6. What class will my child get put in?

- It depends on when their birthday is, For example if they turn 15 in November, they would be in the September class. September covers birthdays (turning 15) in October and November. Novembers class covers December and January.....ect

7. When will my child drive?

- We try real hard to drive your child a couple weeks before their 15th birthday. We get busy with Drivers Ed class and our teaching responsibilities here at the school so sometimes we miss something or make a mistake.

7. Why hasn't my child driven yet?

- We get this question often; Did you pay the \$65 dollar driving fee? The student doesn't get put on the "board" to drive unless they have paid the fee. Did they pass the class part? They have to pass Drivers Ed class with a 70 average to be able to drive. Students can take the class more than once. Also make sure we have the most accurate phone numbers, too many times we call both numbers on the sheet they fill out and they don't work.

8. Who do I contact for questions?

- If you want us to contact you right away please send us a email as it is easier to type something during class than be on the phone.
