

1. Teachers please print club cards on the designated colored paper assigned to your club.
2. Be sure to notify students of your club meeting before your scheduled meeting day.
3. Each club advisor should make arrangements with their colleagues to ensure that their students who are not participating in a club are supervised or have a designated place to be.
4. Please distribute club cards by Friday September 20th.
5. Clubs will begin on September 24th
6. Students are to only be released if they have a club card for the designated day. Please do not allow students to leave without their pass. Try to avoid emailing teachers asking for students to be released. We need for the students to own their actions and be responsible. In the event a student loses a club card it is at their advisors discretion to make them another one.
7. If students are not in a club they will follow their normal Demon Time Schedule

A Clubs-- Yellow Cards
