

LOS ANGELES UNIFIED SCHOOL DISTRICT

Ready-Set-Go!

Extended Learning and Enrichment Programs

Connecting children and youth to their home, school and community.

Ready-Set-Go! is a before school enrichment program, located in room B-63. The program is available for all students from 6th-8th grade. The Program available to students from 6:30 am - 8:00 am Monday through Friday.

Ready-Set-Go! offers enrichment activities, learning games, and homework assistance to participating students. The program is free for all El Sereno Middle students and students within the community that fall within the age range. Along with the aid and focus on academic development, **Ready-Set-Go!** also, it provides a unique opportunity for students to take initiative in their own future by encouraging them to design, create, and implement special clubs run by the students themselves.

We currently host an array of clubs completely ran by the students such as Chess club, Guitar club, **Ready-Set-Run!** club computer / tech club, & many other fun-filled activities! Beginning June 7, **Beyond the Bell's Ready-Set Go!** in collaboration with the Middle School Unit will launch its summer program running from 8:00 am - 5:00 pm Monday through Friday until July 26, 2019.

The program will include major projects and activities geared towards STEAM, academic advancement, as well as light sports activities and team exercises. We will be located in room B-63 for the remainder of the 2018-2019 academic school year and in the Cafeteria running through the summer.

We hope you will continue to be part of this amazing program and looking forward to this summer and next 2019-2020 school year!
