

ST. MARY'S INTERNATIONAL FIELD STUDIES

◇ Attitude ◇ Commitment ◇ Service ◇ ◇ Engagement ◇

As an IB World School, we are constantly striving to apply the knowledge learned inside the classrooms to the world beyond our campus. Our field studies to destinations near and far, offer opportunities for our students to gain greater awareness of other people, themselves, and the interdependence that binds us all together.

To learn more about these field studies, we invite you to our informational meeting on Thursday, September 6, at 1:30pm in the IB HUB.
