

## Latest News at Tuffree Middle School

**Support for Tuffree Library!** We are asking our Tuffree Families and Community to consider contributing to Tuffree's Library. Celebrate Tuffree's 50th Anniversary by contributing toward flexible furniture in our school's library. [Here's the link](#) to make that contribution. All donors will be recognized in this newsletter and on our website. This is a gift that will last a very long time.

**Canned Food Drive Extended and Gift Cards Needed:** Here's an opportunity for Tuffree families to help other Tuffree families. All 2nd period home room classes have been collecting canned foods starting the week before Thanksgiving. These canned food items will be part of a holiday care package to be given to our Tuffree families in need. If you would like to donate a gift card to Walmart, Target, or a local grocery store, we would like to include at least two gift cards with each holiday care package. Have your student bring the gift card directly to the office. These holiday care packages will be given to families before the December holiday break.

**Box Tops:** Got Box Tops at home? Send them into the library! Help us buy new books.

**Upcoming Hour of Code:** The hour of code is a nationwide initiative by Code.org to introduce millions of students to one hour of computer science and computer programming. Students can choose from a variety of tutorials, filtered by grade level, experience level and classroom hardware. 7th and 8th grade students will engage in coding sometime during the first 2 weeks of December, either in their Math or Science classes. For more information, [click here](#). For a short promo video, [click here](#).

**Lost and Found:** Tuffree families, all items left in the lost and found at the end of the year (2018), will be donated to a local charity. Please have your student take one last look. Items are located in the Library.

## Calendar
