CIF Announces Partnership with ArbiterSports

SACRAMENTO, CALIF. – The California Interscholastic Federation (CIF) and ArbiterSports, LLC (ArbiterSports) announced today the signing of a 2-year agreement. This broad partnership provides for ArbiterSports to serve as the CIF's official partner in four key capacities:

- Athletic Game/Match Officials and Event Workers Scheduling and Assignment Platforms
- Athletic Game/Match Officials and Event Workers Payment Platforms
- Athletic Game/Match Officials Background Platforms
- Athletic Department Management Platforms

Additionally, the relationship will also provide the CIF and its member schools access to ArbiterSports statewide platform of game and match schedules.

"The CIF is excited to welcome ArbiterSports to the CIF family," stated CIF Executive Director Roger L. Blake. "Their suite of state-of-the-art products promises to streamline processes for our member schools and districts, from event scheduling to cashless payment of officials and event workers."

"This relationship will also enable us to wrap our arms around our schedules, to make them more broadly available and ultimately to reduce the workload associated with multiple schedule entries at our school sites. It represents a major step forward in realizing our vision of an 'enter once, distribute many' scheduling process," added Blake.

"ArbiterSports has a long history of serving assigners and schools in California, and we're thrilled to partner with CIF and expand the benefits to all parties," said ArbiterSports President and CEO Jeff Triplette. "The need to consolidate schedule entry to a single portal is a common request in every state, and CIF has always been on the forefront nationally at addressing such issues."
