Crime Data Reporting

The Superintendent or designee shall report accurate, consistently-collected data on school crime in compliance with state law.

The Superintendent or designee shall ensure that principals report all school crimes, suspensions and expulsions; and that this information is submitted regularly to the State Department of Education. Copies of crime reports shall be made available to the public upon request for the actual cost of duplication. (Penal Code 628, 628.1, 628.2)
