Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed, unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template.**

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development.** ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources;

however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Northern Humboldt Union High School District uses federal fund to enhance local priorities as outlined in the district's LCAP. The LCAP goals are: 1) Inclusive, effective, engaging and rigorous academic instruction and support for all students, 2) Inclusive social, emotional and behavioral instruction for all students, 3) Integrated educational framework that features inclusive policy and practice and fosters family and community engagement.

Through stakeholder input, the district priorities, actions and services were developed and approved by the board of trustees. These priorities, actions and services were also chosen to meet the various Every Student Success Act (ESSA) provisions. The district coordinates the use of federal funds to support the district LCAP goals, actions and services.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

NHUHSD uses federal funding to supplement or enhance the school sites through providing additional sections to ensure a some smaller class sizes. This includes the alternative education sites where smaller class sizes have proven to be more effective in providing students not just the academic, but the social and emotional supports to students who are enrolled on the two campuses.

Professional development is partially funded through federal funds. Specifically the Crisis Prevention and Intervention (CPI) has been an ongoing action item in the LCAP as the district continues to see a large number of students with Adverse Childhood Experiences (ACEs). Two CPI trainings are offered to the teachers annually.

The homeless population is supported through federal dollars. For example, the school sites provide bus passes to homeless students who are in need as a method to improve attendance.

Finally, technology is funded through the federal government. In the past, the district has purchased technological equipment with one time funds. As the equipment ages out, federal dollars will be used for the replacement cost of the machines.

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals, and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

TITLE I, PART A

1112(b)(4)	N/A

Describe the poverty criteria that will be used to select school attendance areas under Section 1113.

ESSA Provisions Not Addressed in the LCAP

For the majority of LEAs the ESSA provisions on the following pages do not align with state priorities. **Each provision for each program provided on the following pages must be addressed**, unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

TITLE I, PART A

Educator Equity

ESSA SECTION 1112(b)(2)

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers. [(N/A if your LEA is a charter school or COE, or your district's educator equity data does not demonstrate disparities)]

THIS ESSA PROVISION IS ADDRESSED BELOW:

All of the teachers are properly credentialed in the subjects they are teaching. The district will be in the second year of the implementation of the organically grown Multi-Tiered System of Support (MTSS). This will provide teachers with professional development and strategies in the classroom that will be targeting all students to provide tier one interventions. The shift is to educate all students providing them with the services they need in the mainstream classroom. The teachers need the training and support to assist with such supports. Providing teachers this support is written into the district's 2018-19 LCAP.

The Title I program works with students who are low achieving as demonstrated by a variety of metrics including D/F list, standardized test scores and teacher recommendations. The students' income and ethnicity does not determine if they receive additional supports through the Title I program, only their academic achievement.

Parent and Family Engagement

ESSA SECTIONS 1112(b)(3) and 1112(b)(7)

Describe how the LEA will carry out its responsibility under Section 1111(d).

Describe the strategy the LEA will use to implement effective parent and family engagement under Section 1116.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Northern Humboldt Union High School District works with the families and community partners to develop a strong core of academic and social skills to give students the foundation for success in college and/or careers. Building relational capacity (LCAP Goal 2, Action 6) includes relationship with parents/community.

Arcata and McKinleyville High Schools' Site Councils meet regularly give feedback to Principals on the allocation of federal funds. Other groups that meet to plan such expenditures include LCAP stakeholder meetings, board meeting and student focus groups. Surveys soliciting feedback are also administered to parents annually. Results of all these groups and surveys are discussed and incorporated into the LCAP.

Schoolwide Programs, Targeted Support Programs, and Programs for Neglected or Delinquent Children

ESSA SECTIONS 1112(b)(5) and 1112(b)(9)

Describe, in general, the nature of the programs to be conducted by the LEA's schools under sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs.

Describe how teachers and school leaders, in consultation with parents, administrators, paraprofessionals, and specialized instructional support personnel, in schools operating a targeted assistance school program under Section 1115, will identify the eligible children most in need of services under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Northern Humboldt Union High School District does not conduct targeted support programs or programs for neglected and delinquent children.

McKinleyville and Arcata High schools operate a Title I program. Students are selected for the program based on low academic performance determined by the D/F lists, summative assessment scores and/or teacher recommendations.

The district is just beginning to implement a Multi-Tiered System of Support, which was embedded into the 2018-19 LCAP so that the key components are infused throughout the district.

Homeless Children and Youth Services

ESSA SECTION 1112(b)(6)

Describe the services the LEA will provide homeless children and youths, including services provided with funds reserved under Section 1113(c)(3)(A), to support the enrollment, attendance, and success of homeless children and youths, in coordination with the services the LEA is providing under the McKinney-Vento Homeless Assistance Act (42 United States Code 11301 et seq.).

THIS ESSA PROVISION IS ADDRESSED BELOW:

Homeless students are provided additional supports including bus passes to improve attendance as well as some items of basic needs. These include backpacks, school supplies, clothes and some food. Every homeless student is provided a free meal in the cafeteria as well.

The district Homeless Coordinator ensures students are identified and supported. The Coordinator works with the Humboldt County Office of Education when additional support is needed.

Student Transitions

ESSA SECTIONS 1112(b)(8), 1112(b)(10), and 1112(b)(10) (A–B)

Describe, if applicable, how the LEA will support, coordinate, and integrate services provided under this part with early childhood education programs at the LEA or individual school level, including plans for the transition of participants in such programs to local elementary school programs.

Describe, if applicable, how the LEA will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including:

- (A) coordination with institutions of higher education, employers, and other local partners; and
- (B) increased student access to early college high school or dual or concurrent enrollment opportunities, or career counseling to identify student interests and skills.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Northern Humboldt Union High School includes grades 9-12, thus early childhood education programs are not a part of the district.

Students are assisted in transition in and out of our high schools in a variety of ways. Dual enrollment classes are offered to current students so that they are taking college classes and receiving both college and high school credits. Our high school students are also taking college level classes at our local Humboldt State University.

Transition IEPs are conducted for each incoming student who has an existing IEP. Post high school goals are developed for students with IEPs by age 16. Advanced eighth grade students are taking math classes on our high school campuses to challenge their learning.

874 of our high school students in 2017-18 participated in college and career activities that included field trips to industry, workshops, and panels. All Freshman complete a career project in their Technology Essentials class giving them some research skills to find colleges and careers of their interest.

Additional Information Regarding Use of Funds Under this Part

ESSA SECTION 1112(b)(13) (A–B)

Provide any other information on how the LEA proposes to use funds to meet the purposes of this part, and that the LEA determines appropriate to provide, which may include how the LEA will:

- (A) assist schools in identifying and serving gifted and talented students; and
- (B) assist schools in developing effective school library programs to provide students an opportunity to develop digital literacy skills and improve academic achievement.

THIS ESSA PROVISION IS ADDRESSED BELOW:

NHUHSD does not have a gifted and talented program. The district is not using Title 1 funds to support the IB or AP programs. The libraries are supported through the purchase of technology which is coming from Title 4 funding.

Professional Growth and Improvement

ESSA SECTION 2102(b)(2)(B)

Provide a description of the LEA's systems of professional growth and improvement, such as induction for teachers, principals, or other school leaders and opportunities for building the capacity of teachers and opportunities to develop meaningful teacher leadership.

THIS ESSA PROVISION IS ADDRESSED BELOW:

All new teachers participate in the Beginning Teacher Support and Assessment (BTSA) program which provided them support for the first two years in the profession. A BTSA mentor is assigned to them as part of the program. They meet regularly as they work through the program requirements and develop a relationship based around assisting the new teacher in any issues that may arise.

The district tries to recruit administrators from within the organization. New administrators who have yet to clear their credentials participate in the Association of California School and Administrators (ASCA) Tier II Coaching program. A trained coach is assigned to them to work through the program requirements. The relationship between the mentor and mentee in this program is built with regularly meetings which revolve much around discussing any specific issues that the new administrator wants feedback. The program is designed to assist the new administrator in work that he/she is already required to do and give them time to reflect on their duties and performance with an experienced practitioner listening and advise.

Teacher leaders are used as Department Chairs, trained by their prior Department Chairs. The district has five teacher leaders who are Instructional Coaches. The coaches participate in continued training around student centered classrooms and using improvement science to assist teachers to better serve the students. Training includes conferences, collaborative learning as well as reading and researching topics.

ESSA SECTION 2102(b)(2)(D)

Provide a description of how the LEA will use data and ongoing consultation described in Section 2102(b)(3) to continually update and improve activities supported under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

The 2018-19 LCAP includes an action regarding co-teaching which will ultimately reduce the teacher to student ratio. This is located in Goal 1, Action 8. With the passing of the Individuals with Disabilities Education Act (IDEA) and the No Child Left Behind Act, a regulatory framework led to a wide adoption of co-teaching models. The district spends the Title II monies on reducing class sizes, which will support the co-teaching model, which was determined via an organic development of a Multi-Tiered System of Support (MTSS) model which then morphed into the LCAP. Staff input was obtained through a variety of staff meetings in the development of the MTSS model.

This supports students as curriculum moves to an online environment, which ultimately prepares students for college and careers where the use of technology is required.
