MAKE YOUR CHILD'S EDUCATION

▶ AN ADVENTURE ◀

**At the Pathfinder Career Night,
experience Education with Purpose™.**

PATHFINDER CAREER NIGHT

WEDNESDAY, NOVEMBER 28 • 6:00 PM

 AT PATHFINDER, WE BELIEVE YOUR CHILD'S EDUCATION SHOULD BE AN ADVENTURE.

Please join us for our Career Night on Wednesday, November 28 at 6:00 pm to see firsthand why Pathfinder is the right choice for your 7th/8th grader.

 **We'll be serving a complimentary Pasta Dinner, so come hungry!**

Whether your student is headed for college or straight into a great career, our Education with Purpose™ philosophy will help them discover their passion and direction while still in high school.

Through rigorous academics, hands-on technical experience, and instructor-led coaching, your child will be empowered to invest wisely and purposefully in additional education after graduation — giving them the edge in their field, no matter what their aspirations.

A Pathfinder education expands opportunities using the revolutionary Career Tree™ model, sparking our students' excitement about what's possible for their futures and how to get there. At Pathfinder, your student will:

LOOK FORWARD TO SCHOOL!

They'll make the most of their high school experience by doing something they enjoy.

FUND THEIR FUTURE!

Their career-tech experience will help them earn an above-average wage, pay for advanced training, and earn money for college

ACHIEVE ACADEMIC EXCELLENCE!

They can take advantage of a wide variety of Honors, Advanced Placement, and Dual Enrollment college courses.

And much more!

With the strong competitive advantage and valuable skills that come with a robust academic and technical education, Pathfinder is the educational adventure of a lifetime!

Our Online Application process opens at Career Night on 11/28!
