AP & Honors Policy

The required/recommended prerequisites for AP/Honors courses are listed under each course. Successful completion of the required pre-requisites must be met in order to select the course(s).

AP course presentations are available on our website, under Academics - AP Course Screencast. Please review those that you are considering for next year, as they will give you insight into the rigor, expectations and demands of the AP course.

The best schedule is one that challenges your student but does not overwhelm.

Class Schedule Advice

Please help your students make their selections carefully. Schedule changes may be difficult to accommodate in the Fall due to class size and course availability.

The master schedule is built to meet student requests. When students alter their class choices after the summer, it has a drastic effect on class size and course availability.

The best schedule is one that challenges your student but does not overwhelm.

Add/Drop Policy

The add/drop window for all courses will be September 13th for all courses and September 27th to level down within a department.

Grade(s) earned in a dropped course follow the student into the newly added course if the new course is in the same subject area.

Once the add/drop window has closed, students will remain in a year long class until the end of the semester. However, at that time, if recommended, any student with a grade of a "D" or "F" may request a program change.

The best schedule is one that challenges your student but does not overwhelm.

Selecting Courses

Students will meet with their counselor after completing the online scheduling component. They will meet through their English class on their assigned date.

Please check the Course Description Handbook found on our website under Academics for prerequisites and a full list of course offerings.

The scheduling window for current 11th graders will open March 19th.

The best schedule is one that challenges your student but does not overwhelm.

Senior Schedule Requirements

- Must be enrolled in a minimum of 5 classes.
- Work Experience and classes at a Community College do not count as 1 of the 5 required classes.
- SoCalROC may count as 1 or 2 of the 5 required classes depending on units.
- Seniors may be a Teacher's Aide. This counts as one of the 5 required classes. (2.5 GPA required)

High School Graduation Requirements

- English - 4 years
- Math - 2 years (must include algebra)
- Science - 2 years (life and physical)
- Physical Education - 2 years
- Social Studies - 3 years
- Health (1 semester)
- Visual/Performing Art or World Language – 1 year

Junior Year Timeline - College Application Process

Junior Year - Spring

- Create an initial college list
- Visit colleges or participate in college representative visits in the CCC
- Maintain your extra-curricular activities/grades

Summer after 11th grade:

- Essays, college list, supplemental requirements
- Keep document of dates, deadlines and tasks to be completed

Crafting a college list...

- Requires self-analysis:
 - Passions and strengths?
 - Short-term and Long-term Goals?
 - What are you looking for in terms of campus, student life, weather, etc.?
- A **good** college list is comprehensive and includes a variety of
 - Safety Schools
 - Target Schools
 - Reach Schools
- Junior Grade Level Presentations - students learn how to use Naviance to create a college list.

Every student is in a different place at a different time - what is the best path for you?
