Those Board Policies and Administrative Guidelines are incorporated by reference into the provisions of this Handbook. The Policies and Administrative Guidelines are periodically updated in response to changes in the law and other circumstances. Therefore, there may have been changes to the documents reviewed in this Handbook since it was printed in August 2019 . If you have questions or would like more information about a specific issue or document, contact your school Principal, or access the document on the District's website: www.aacs.net by clicking on Board Policies and finding the specific policy or administrative guidelines in the Table of Contents for that section.

FOREWORD

This Student Handbook was developed to answer many of the commonly asked questions that you and your parents/guardians may have during the school year and to provide specific information about certain Board policies and procedures. Please take time to become familiar with the important information contained in this Handbook and keep the Handbook available for frequent reference by you and your parents/guardians. If you have any questions that are not addressed in this Handbook, you are encouraged to talk to your teachers or the building Principal. This Handbook replaces all prior handbooks and other written material on the same subjects. This Handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the Board's policies and the School's rules as of August, 2019. This Student Handbook supplements, and does not supersede Board Policy or Administrative Guidelines. In areas of conflict, Board Policy and Administrative Guidelines shall prevail. If any of the policies or administrative guidelines referenced herein are revised during the school year, the language in the most current policy or administrative guideline prevails. Copies of current Board policies and administrative guidelines are available from the building Principal and on the District's web site.

EDUCATIONAL PHILOSOPHY

It is the belief of the Ashtabula Area City Schools that the welfare and progress of each student undergirds and defines the total thrust of all educational activities. The basic intent is to direct staff and program toward the optimum development of each student.

It is our philosophy to prepare students for successful living in a changing society. The educational program should offer the opportunities for each student to nurture personal capabilities to the fullest, to recognize individual needs, to achieve optimum level, and to become a contributing citizen by accepting responsibility to self and others.

The total educational program requires cooperation and communication among school, home and community.

EQUAL EDUCATION OPPORTUNITY

This District provides an equal educational opportunity for all students.

Any person who believes that s/he has been discriminated against on the basis of his/her race, color, disability, religion, gender, gender identity or national origin while at school or a school activity should immediately contact the School District's Compliance Officer(s):

**Director of Special Education/
Student Services
(440) 992 – 1204**

**Director of School Improvement
(440) 661-4344**

Complaints will be investigated in accordance with the procedures described on page(s) 46-47 of this Handbook. Any student making a complaint or participating in a school investigation will be protected from retaliation. The Compliance Officers can provide additional information concerning equal access to educational opportunity.

STUDENT RESPONSIBILITIES

The School's rules and procedures are designed to allow students to be educated in a safe and orderly environment. All students are expected to follow staff members' directions and to obey all school rules.

Students must arrive at school on time, prepared to learn and participate. If, for some reason, this is not possible, the student should seek help from a Principal.

- A. Adult students (age 18 or older) must follow all school rules.
- B. If residing at home, adult students are encouraged to include their parents/guardians in their educational program.

In order to keep parents/guardians informed of their child's progress in school, parents/guardians will be provided information on a regular basis and whenever concerns arise. Many times it will be the responsibility of the student to deliver the information. The School, however, may use the mail or hand delivery when appropriate. parents/guardians have the option of receiving communication from the School via e-mail and/or facsimile by filling out the appropriate form available in the school's administrative office. parents/guardians are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

STUDENTS' WELL BEING

Student safety is the responsibility of both students and staff. Staff members are familiar with emergency procedures such as evacuation procedures, fire and tornado drills, safety drills in the event of a terrorist or other violent attack, and accident reporting procedures. If a student is aware of any dangerous situation or accident, s/he must notify a staff person immediately.

State law requires that all students have an emergency medical authorization completed and signed by a parent or guardian on file in the School office.

Students with specific health care needs should deliver written notice about such needs, along with physician documentation, to the School office.

INJURY AND ILLNESS

All injuries must be reported to a teacher or the office. If the injuries are minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures and attempt to make contact with the student's parents/guardians.

A student who becomes ill during the school day should request permission to go to the office. An appropriate District staff member in the office will determine whether the student should remain in school or go home. No minor student will be released from school without proper parental permission.

SECTION I - GENERAL INFORMATION

ENROLLING IN THE SCHOOL

In general, State law requires students to enroll in the school district in which their parent or legal guardian reside.

- A. unless enrolling under the District's open enrollment policy
- B. unless enrolling and paying tuition

New students under the age of 18 must be enrolled by their parent or legal guardian. When enrolling, parents/guardians must provide copies of the following:

- A. a birth certificate or similar document
- B. court papers allocating parental rights and responsibilities, or custody (if appropriate)
- C. proof of residency
- D. proof of immunizations

Under certain circumstances, temporary enrollment may be permitted. In such cases, parents/guardians will be notified about documentation required to establish permanent enrollment.

Students enrolling from another school must have an official transcript from their previous school in order to have credits transferred. An administrative assistant will assist in obtaining the transcript, if not presented at the time of enrollment.

Homeless students who meet the Federal definition of homeless may enroll and will be under the tutelage of the District Liaison for Homeless Children with regard to enrollment procedures.

New students 18 years of age or older are not required to be accompanied by a parent/guardian when enrolling. When residing with a parent/guardian, these students are encouraged to include the parents/guardians in the enrollment process. When conducting themselves in school, adult students have the responsibilities of both student and parent.

In addition, if a new student resides in the District with a grandparent and is the subject of a: (1) power of attorney designating the grandparent as the attorney-in-fact; or (2) a caretaker authorization affidavit executed by the grandparent that provides the grandparent with authority over the care, physical custody, and control of the child, including the ability to enroll the child in school, consent in all school related matters, and discuss with the District the child's educational progress, the student's grandparent may enroll the child in school on a tuition-free basis. However, in addition to the above referenced documents that are typically required for enrollment, the grandparent must provide the District with a duly executed and notarized copy of a power of attorney or caretaker authorization affidavit.

A student suspended or expelled by another public school in Ohio may be temporarily denied admission to the District's schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school in the District. Likewise, a student expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not expired may be temporarily denied admission to the District's schools during the period of expulsion or removal or until the expiration of the period of expulsion or

removal which the student would have received in the District had the student committed the offense while enrolled in the District. Prior to denying admission, however, the Superintendent shall offer the student an opportunity for a hearing to review the circumstances of the suspension or expulsion and any other factors the Superintendent determines to be relevant.

If a student has been recently discharged or released from the custody of the Department of Youth Services (DYS) and is seeking admittance or re-admittance into the District, the student will not be admitted until the following records, which are required to be released by DHS to the Superintendent, have been received:

- A. an updated copy of the student's transcript;
- B. a report of the student's behavior while in DHS custody;
- C. the student's current IEP, if one has been developed for the student; and
- D. a summary of the instructional record of the student's behavior

Foreign students and foreign-exchange students (from recognized and approved student programs) are eligible for admission in accordance with Board Policy and applicable law.

SCHEDULING AND ASSIGNMENT

Primary and Intermediate Level

The Principal will assign each student to the appropriate classroom and program. Any questions or concerns about the assignment should be discussed with the Principal.

Secondary Level

Schedules are provided to each student at the beginning of the school year or upon enrollment. Schedules are based on the student's needs and available class space. Any changes in a student's schedule should be handled through the guidance office. Students may be denied course enrollment for reasons determined by the District administration, including lack of available space or the need for the student to pass prerequisite courses. Students are expected to follow their schedules. Any variation must be approved with a pass or schedule change.

EARLY DISMISSAL

No minor student may leave school prior to their dismissal time without a parent or guardian either submitting a signed written request or coming to the School Office personally to request the release. No student will be released to a person other than a custodial parent(s) or guardian without permission of the custodial parent(s) or guardian.

WITHDRAWAL/TRANSFER FROM SCHOOL

No student under the age of eighteen (18) is allowed to withdraw from school without the written consent of his/her parents/guardians and in compliance with State law. A student who otherwise withdraws from school shall be reported to the juvenile judge of the county and to the Bureau of Motor Vehicles for suspension of their driver's license, if s/he is under the age of 18.

Parents/Guardians must notify the Principal about plans to transfer their child to another school. School records, including disciplinary records of suspension and expulsion, will be transferred to the new school within 14 days of the parents'/guardians' notice or request.

IMMUNIZATIONS

Students must be current with all immunizations required by law, including but not limited to poliomyelitis, measles, diphtheria, rubella, pertussis, tetanus, and mumps, or have an authorized exemption from State immunization requirements. Kindergarten students must be immunized against Hepatitis B and chickenpox. Students enrolled in grades 7-12 must be immunized against meningococcal disease. For the safety of all students, the school Principal may remove a student from school or establish a deadline for meeting State requirements if a student does not have the necessary immunizations or authorized exemption. In the event of a chicken pox epidemic, the Superintendent may temporarily deny admission to a student otherwise exempted from the chicken pox immunization requirement. Any questions about immunizations or exemptions should be directed to the Director of Special Education/Student Services.

EMERGENCY MEDICAL AUTHORIZATION

A complete Emergency Medical Authorization Form must be on file with the School in order for a student to participate in any school-sponsored activities off school grounds, including field trips, spectator trips, athletic and other extracurricular activities, and co-curricular activities. The Emergency Medical Authorization form is provided at the time of enrollment and at the beginning of each school year.

USE OF MEDICATIONS

Students who must take prescribed medication during the school day, must comply with the following guidelines:

- A. Parents/Guardians should, determine with the counsel of their child's prescriber whether the medication schedule can be adjusted to avoid administering medication during school hours.
- B. The appropriate form(s) and authorization(s) must be filed with the respective building Principal before the student will be allowed to begin taking any medication during school hours or to use an inhaler to self-administer asthma medication. Such forms must be filed annually and as necessary for any change in the medication.
- C. All medications must be registered with the Principal's Office and must be delivered to school in the original containers in which they were dispensed by the prescribing physician

or licensed pharmacist, labeled with the date, the student's name, and the exact dosage to be administered.

- D. Medication that is brought to the office will be properly secured. Except as noted below, medication must be delivered to the Principal's Office by the student's parent or guardian or by another responsible adult at the parent or guardian's request. Except as noted below, students may not bring medication to school. Students may carry emergency medications for allergies and/or reactions, or asthma inhalers during school hours provided the student has written permission from a parent or physician and has submitted the proper forms. In the case of epinephrine autoinjectors ("epi pens"), in addition to written permission and submission of proper forms, the parent or student must provide a backup dose to the school nurse. Students are strictly prohibited from transferring emergency medication, epi pens, or inhalers to any other student for their use or possession.
1. Medication may be conveyed to school directly by the parent or transported by transportation personnel (bus driver and/or bus aide) at parental/guardian request. This should be arranged in advance.
 2. If, for supportable reasons, the Principal wishes to discontinue the privilege of a student self-administering medication, except for the possession and use of asthma inhalers, the parent(s)/guardian(s) shall be notified of the decision in sufficient time for an alternative means of administration to be established.
- E. Any unused medication unclaimed by the parent/guardian will be destroyed by school personnel when a prescription is no longer to be administered or at the end of a school year.
- F. The parents/guardians shall have sole responsibility to instruct their child to take the medication at the scheduled time.
- G. The Principal will maintain a log noting the personnel designated to administer medication, as well as the date and the time of day that administration is required. This log will be maintained along with the prescriber's written request and the parent's written release.

Non-Prescribed (Over-the-Counter) Medications

No staff member will dispense non prescribed, over-the-counter (OTC) medication to any student without prior parent/guardian authorization. Parents/Guardians may authorize administration of a non-prescribed medication on forms that are available from the Principal's Office. Physician authorization is not required in such cases.

By written notice parents/guardians may also authorize that their child

- A. may self-administer non-prescribed medication
- B. may keep non prescribed medication in his/her possession

If a student is found using or possessing a non-prescribed medication without parent/guardian authorization, the student will be brought to the School office while the student's parents/guardians

are contacted for authorization. The medication will be confiscated until written authorization is received.

Any student who distributes medication of any kind or who is found in possession of unauthorized medication is in violation of the School's Code of Conduct and will be disciplined in accordance with the drug-use provision of the Code.

Students shall be permitted to possess and self-administer over-the counter topical sunscreen products while on school property or at a school-sponsored event, provided the student has submitted prior written approval of his/her parent/guardian to the Principal.

A student may possess and use a metered dose inhaler or a dry powder inhaler to alleviate asthmatic symptoms or before exercise to prevent the onset of asthmatic symptoms, at school or at any activity, event, or program sponsored by or in which the student's school is a participant if the appropriate form is completed and on file in the Principal's Office.

A student who is authorized to possess and use a metered dose or dry powder inhaler may not transfer possession of any inhaler or other medication to any other student.

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The School's professional staff may remove or isolate a student who has been ill or has been exposed to a communicable disease or highly-transient pest, such as lice.

Specific communicable diseases include diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Local and State Health Departments.

Any removal will be limited to the contagious period as specified in the School's administrative guidelines.

CONTROL OF NON CASUAL-CONTACT COMMUNICABLE DISEASES

The School District has an obligation to protect staff and students from non casual -contact communicable diseases. When a non casual-contact communicable disease is suspected, the student's health will be reviewed by a panel of resource people, including the County Health Department. The School will protect the privacy of the person affected and those in contact with the affected person. Students and staff will be permitted to remain in school unless there is definitive evidence to warrant exclusion.

Non Casual-contact communicable diseases include sexually transmitted diseases, AIDS, ARC-AIDS Related Complex, HIV, Hepatitis B, and other diseases that may be specified by the State Board of Health.

As required by Federal law, parents will be requested to have their child's blood checked for HIV and HBV when the child bleeds at school and students or staff members are exposed to the blood. Any testing is subject to laws protecting confidentiality.

CONTROL OF BLOOD-BORNE PATHOGENS

The School District seeks to provide a safe educational environment for students and take appropriate measures to protect those students who may be exposed to blood-borne pathogens in the school environment and/or during their participation in school-related activities. While the risks of students being exposed to blood-borne pathogens may be low, students must assume that all body fluids are potentially infectious and must take precautions to follow universal procedures in order to reduce such risks and minimize and/or prevent the potential for accidental infection.

Students may be exposed to blood-borne pathogens in situations, including, but not limited to the following:

- A. Engaging in activities with other students in the school environment (e.g., physical education class) where physical injuries or other actions that can cause bleeding or exposure to saliva and other body fluids may occur.
- B. Working with equipment in the school environment that can cause cuts or similar injuries that produce bleeding.
- C. Participating in co-curricular activities (i.e., athletic activities) where physical injuries or other actions that can cause bleeding may occur.

Whenever a student has contact with blood or other potentially infectious material, s/he must immediately notify his/her teacher, who will contact the building Principal and assist the student in completing the requisite documents (e.g., Form 8453.02 F1 Exposure Report).

The parents/guardians of a student who is exposed will be contacted immediately regarding the exposure and encouraged to have the student's blood tested for Hepatitis B and HIV either by his/her physician or an emergency/hospital facility. The student's parents/guardians are encouraged to consult with the student's physician concerning any necessary post-exposure treatment.

- A. The student's parents/guardians will also be asked to provide a copy of the test results and any post-exposure treatment for maintenance in the student's educational record in accordance with the Federal and State laws concerning confidentiality.

The parents/guardians of the student who caused the exposure will also be contacted immediately and advised to have the student's blood tested for Hepatitis B and HIV viruses either in cooperation with his/her physician or an emergency/hospital facility.

- A. The student's parents/guardians will be asked to provide a copy of the test results for maintenance in the student's educational records in accordance with Federal and State laws concerning confidentiality.
- B. The student's parents/guardians will be encouraged to allow the District to release their child's name to the exposed student's parents/guardians, in the event that serious health issues are presented as a result of the exposure.

STUDENTS WITH DISABILITIES

The American's with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act (Section 504) prohibit discrimination against persons with a disability in any program receiving Federal financial assistance. This protection applies not just to students, but to all individuals who have access to the District's programs and facilities.

The laws define a person with a disability as anyone who:

- A. has a mental or physical impairment that substantially limits one or more major life activities;
- B. has a record of such an impairment; or
- C. is regarded as having such an impairment.

The District has specific responsibilities under these two laws, which include identifying, reviewing and, if the student is determined to be eligible, affording access to appropriate educational accommodation.

Additionally, in accordance with State and Federal mandates, the District seeks out, assesses and appropriately services students with disabilities. Staff members use a comprehensive child study process to systematically screen, assess and, if appropriate, place students in special education and related services. Students are entitled to a free appropriate public education in the "least restrictive environment."

A student can access special education and related services through the proper evaluation procedures. Parent/Guardian involvement in this procedure is important and required by Federal (IDEIA), A.D.A. Section 504) and State law. Contact the Special Education/Student Services office at (440) 992-1204 to inquire about evaluation procedures, programs, and services.

HOMELESS STUDENTS

Homeless students will be provided with a free and appropriate public education in the same manner as other students served by the District. Homeless students are eligible to receive transportation services, participate in education programs for students with disabilities or limited English proficiency, participate in gifted and talented programs, and receive meals under school nutrition programs. Homeless students will not be denied enrollment based on lack of proof of residency. For additional information contact the liaison for Homeless Students at (440) 992-1202.

CHILDREN AND YOUTH IN FOSTER CARE

Students who meet the Federal definition of "in foster care", including those who are awaiting foster care placement, will be provided a free appropriate public education (FAPE) in the same manner as all other students of the District. For additional information see Policy 5111.03.

PROTECTION AND PRIVACY OF STUDENT RECORDS

The School District maintains many student records including both directory information and confidential information.

© 2019 NEOLA, Inc.

Directory information includes:

A student's name; address; telephone number; date and place of birth; major field of study; participation in officially-recognized activities and sports; height and weight, if a member of an athletic team; dates of attendance; date of graduation; or awards received.

Directory information can be provided upon request to any individual, even without the written consent of a parent/guardian. Parents/Guardians may refuse to allow the Board to disclose any or all “directory information” upon written notification to the Board. For further information about the items included within the category of directory information and instructions on how to prohibit its release you may consult the Board’s annual *Family Education Rights and Privacy Act* (FERPA) notice which can be found in the Main Office.

Other than directory information, access to all other student records is protected by FERPA and Ohio law. Except in limited circumstances as specifically defined in State and Federal law, the School District is prohibited from releasing confidential education records to any outside individual or organization without the prior written consent of the parents/guardians, or the adult student, as well as those individuals who have matriculated and enrolled in a postsecondary educational institution at any age. The Board will provide access or release directory information to Armed Forces Recruiters unless the parent/guardian or student request that prior written consent be obtained. See Form 8330 F13.

A parent/guardian or adult student must request the amendment of a student record in writing and if the request is denied, the parent or adult student will be informed of his/her right to a hearing on the matter.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the District’s curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, his/her parents/guardians, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

Further, parents/guardians have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent/guardian will have access to the survey/evaluation within a reasonable period of time after the request is received by the Principal.

USE OF WIRELESS COMMUNICATION DEVICES

Students may possess wireless communication devices (WCDs) in school, on school property, during after school activities (e.g. extra-curricular activities) and at school-related functions, provided that during school hours and on school vehicles the WCDs are powered completely off (i.e., not just placed into vibrate or silent mode) and concealed and secured in hall lockers (but not locker room lockers) or vehicles.

The use of WCDs that contain built-in cameras (i.e. devices that take still or motion pictures, whether in a digital or other format) is prohibited in locker rooms, classrooms, bathrooms, and/or swimming pool.

No expectation of confidentiality will exist in the use of WCDs on school premises/property.

Students are also prohibited from using a WCD to capture and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using their WCDs to receive such information.

Possession of a WCD by a student is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise engages in misuse of this privilege.

“Sexting” is prohibited at any time on school property or at school functions. Sexting is the electronic transmission of sexual messages or pictures, usually through cell phone text messaging. Such conduct not only is potentially dangerous for the involved students, but can lead to unwanted exposure of the messages and images to others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the WCD.

- A. Attendance rules apply to all field trips.
- B. While the District encourages students to participate in field trips, alternative assignments will be provided for any student whose parent/guardian does not give permission for the student to attend.
- C. Students who violate school rules may lose the privilege to go on field trips.

GRADES

The Ashtabula Area City Schools has a standard grading procedure, as well as additional notations that indicate incomplete work. Grades indicate the extent to which the student has acquired and demonstrated the necessary learning. In general, students are assigned grades based upon test results, homework, projects, and classroom participation. Each teacher may place a different emphasis on these areas when determining a grade and will so inform the students at the beginning of the course. If a student is not sure how his/her grade will be determined, s/he should ask the teacher.

The School applies the following grading system:

- 90 to 100 = A = Excellent achievement
- 80 to 89 = B = Good achievement
- 70 to 79 = C = Satisfactory achievement
- 60 to 69 = D = Minimum-Acceptable achievement
- 0 to 59 = F = Failure
- I = Incomplete

Grade Point Average

To calculate a grade point average (G.P.A.), assign a weighted point value to each course grade and divide by the total number of credits. For partial-credit courses use the fractional value of the grade. For example, a half credit course with an earned grade of a C would be $.5 \times 2 = 1$. Then add this to the other grades earned for total points earned. This total is then divided by the total credits earned to determine the G.P.A. This can be done by grading period, semester, year or for a series of school years.

Grading Periods

Students will receive a report card at the end of each 9-week period indicating their grades for each course of study for that portion of the academic term.

When a student appears to be at risk of failure, reasonable efforts will be made to notify the parents so they can talk with the teacher about what actions can be taken to improve poor grades.

PROMOTION, ACCELERATION, AND RETENTION

Promotion to the next grade (or level) is based on the following criteria:

- A. completed the course and state-mandated requirements of the presently assigned grade
- B. in the opinion of the professional staff, the student has achieved the instructional objectives set for the present grade
- C. demonstrated sufficient proficiency to permit him/her to move ahead in the educational program of the next grade
- D. demonstrated the degree of social, emotional, and physical maturity necessary for a successful learning experience in the next grade

A student may be accelerated (either by whole-grade or by subject area) when his/her performance and measured ability significantly exceeds that of his/her grade level peers. Students can be nominated for acceleration by teachers, administrators, parents, and the student him/herself. Decisions regarding acceleration are based on the following criteria:

- A. achievement of grade/course objective and any applicable State-mandated requirements for the grade/course in which the student is currently and any grade(s)/course(s) in the student will skip
- B. achievement of instructional objectives for the present grade/course as well as the succeeding one(s)
- C. potential for success in the accelerated placement based on sufficient proficiency at current level
- D. social, emotional, and physical maturation necessary for success in an accelerated placement
- E. Additional information regarding Gifted Education ID/Service Plan is located on the district website

A student may be retained at his/her current grade level based on the following criteria:

- A. in the opinion of the professional staff, failure to achieve the instructional objectives at the current grade level that are requisite for success at the next grade level
- B. in the opinion of the professional staff, failed to demonstrate proficiency in mathematics and reading
- C. scored below proficient level on any state-mandated test

A student will be retained if s/he is truant (absent without excuse) for more than ten percent (10%) of the required attendance days of the current school year AND has failed two (2) or more of the required curriculum subject areas in the current grade.

Even if s/he falls in the preceding category, a student may be promoted if the Principal and the teachers of the classes that the student failed agree that the student is academically prepared to be promoted.

No student will be promoted to the fourth grade if s/he attained a score in the range designated by O.R.C. 3310.0710 (A)(3) on the State mandated assessment except in accordance with the provisions of Policy 2623.02 - Third Grade Reading Guarantee or in accordance with State law.

Any interested students should contact the guidance office to obtain the necessary information.

CAREER ADVISING PROGRAM

Career advising is an integrated process that helps students understand how their personal interests, strengths and values might predict satisfaction and success in school and related career fields, as well as how to tie these interests and strengths to their academic and career goals. Students need to have access to comprehensive resources and support to prepare for their future success. Through relevant classroom instruction, career-related learning experiences, and a program of counseling and advising, students can discover their interests and explore academic and career pathway options. (See Policy 2413)

RECOGNITION OF STUDENT ACHIEVEMENT

Students who display significant achievements during the course of the year are recognized for their accomplishments. Areas that may merit recognition include, but are not limited to, academics, athletics, performing arts, citizenship, and volunteerism. Recognition for such activities is initiated by the staff and coordinated by the Principal of each building.

Academic Awards

Students receive academic recognition quarterly.

Athletic Awards

Requirements for athletic awards are developed by each head coach with the approval of the Athletic Director. Student athletes interested in such awards should consult with the appropriate coach.

Special Awards

Student of the Month awards are announced at the Board of Education meetings.

HOMEWORK

Homework may be assigned as practice or for a grade. In the event that homework will be graded, student grades will reflect the completion of all work. Homework is also part of the student's preparation for the assessment tests and graduation.

COMPUTER TECHNOLOGY AND NETWORKS

The District provides Internet services to its students. The District's Internet system has a limited educational purpose, and has not been established as a public access service or a public forum. Student use of the District's computers, network and Internet services/connection ("Network") are governed by the following principles and guidelines, and the Student Code of Conduct. Users have a limited privacy expectation in the content of their personal files and records of their online activity while on the Network.

Parents and students are advised that the Board may not be able to technologically limit access through the Board's Internet connection to only those services that have been authorized for the purpose of instruction, study and research related to the curriculum. Because it serves as a gateway to any publicly available file server in the world, the Internet opens classrooms and students to electronic information resources that have not been screened by educators for use by students of various ages. The District utilizes a Technology Protection Measure, which is a specific technology that will protect against (e.g. filter or block) access to visual displays/depictions that are obscene, pornographic, and materials that are harmful to minors, as defined by the Children's Internet Protection Act. However, this does not guarantee that such materials will be completely blocked. At the discretion of the Board or the Superintendent, the Technology Protection Measure may be configured to protect against access to other material considered inappropriate for students to access.

The District further utilizes software and/or hardware to monitor online activity of students to restrict access, to the extent reasonably possible, to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. Nevertheless, parents/guardians are advised that a determined user may be able to gain access to services on the Internet that are not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Parents/Guardians assume risks by consenting to allow their child to participate in the use of the Internet. Parents/Guardians of minors are responsible for setting and conveying the standards that their children should follow when using the Internet. The District supports and respects each family's right to decide whether to apply for independent student access to the Internet.

Students are encouraged to use the "Network" for educational purposes. Use of the Network is a privilege, not a right. When using the Network, students must conduct themselves in a responsible, efficient, ethical, and legal manner. Students are responsible for good behavior on the District's computers/network and the Internet just as they are in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. Unauthorized or inappropriate use of the Network, including any violation of these rules, may result in cancellation of the privilege, disciplinary action consistent with the Student Code of Conduct, and/or civil or criminal liability. Prior to accessing the Network, students must sign the Student Network and Internet Acceptable Use and Safety Agreement. Parent/Guardian permission is required for minors. Parents/Guardians are encouraged to discuss their values with their children so that students can make decisions regarding their use of the Network that is in accord with their personal and family values, in addition to the Board's standards.

The District provides technologies on a one-to-one basis for students to use for educational purposes. Student use of these technologies including, but not limited to, Chromebooks and iPads are at the discretion of the District and can be revoked at any time for failure to follow the Internet and Acceptable Use and Safety Policy. Any parent or legal guardian has the right to opt-out of their student(s) using the Internet or any type of technological device. Parents/Guardians should note that students will still be required to utilize these technological devices for state mandated tests and other required District operations. The opt-out form for Internet use and technological devices can be found on any of the buildings' websites or as a hard-copy in any building main office.

Students must have a parent or legal guardian sign and return the Acknowledgement of Student/Parent Handbook and Internet Acceptable Use and Safety Policy before being permitted to access the Network. The major tenets of the Internet Acceptable Use and Safety Policy are outlined in the "Computer and Technology" portion of this document. The entirety of the Internet Acceptable Use and Safety Policy can be found referencing board policy 7540.03.

Smooth operation of the Network relies upon users adhering to the following guidelines. The guidelines outlined below are not exhaustive but are provided so that users are aware of their general responsibilities.

- A. Students are responsible for their behavior and communication on the Network.
- B. Students may only access the Network by using their assigned Network account. Use of another person's account/address/password is prohibited. Students may not allow other users to utilize their account/address/password. Students may not go beyond their authorized access.
- C. Students may not intentionally seek information on, obtain copies of, or modify files, data or passwords belonging to other users, or misrepresent other users on the Network.
- D. Students may not use the Network to engage in "hacking" or other illegal activities (e.g., software pirating; intellectual property violations; engaging in slander, libel, or harassment; threatening the life or safety of another; stalking; transmission of obscene materials or child pornography; fraud; sale of illegal substances and goods).
- E. Transmission of any material in violation of any State or Federal law or regulation, or Board policy is prohibited.
- F. Any use of the Network for commercial purposes (e.g., purchasing or offering for sale personal products or services by students), advertising, or political lobbying is prohibited. This provision shall not limit the use of the Network by students for the purpose of communicating with elected representatives or expressing views on political issues.
- G. Use of the Network to engage in cyberbullying is prohibited. "Cyberbullying" involves the use of information and communication technologies such as email, cell phone and pager text messages, instant messaging (IM), defamatory personal Web sites or social media accounts, and defamatory online personal polling Websites, to support deliberate, repeated, and hostile behavior by an individual or group, that is intended to harm others." For further information on cyberbullying, visit <http://www.cyberbullying.ca>.

Cyberbullying includes, but is not limited to the following:

1. posting slurs or rumors or other disparaging remarks about a student or school staff member on a web site or weblog;
2. sending emails or instant messages that are mean or threatening, or so numerous as to drive up the victim's cell phone bill;

3. using a camera phone to take and send embarrassing photographs/recordings of students or school staff members or post these images on video sharing sites such as YouTube;
4. posting misleading or fake photographs of students or school staff members on web sites.

To the extent permitted by the First Amendment, instances of cyberbullying off school grounds that disrupt the school environment or interfere with the learning process will be considered violations of the Student Code of Conduct.

H. Students are expected to abide by the following generally-accepted rules of network etiquette:

1. Be polite, courteous, and respectful in your messages to others. Use language appropriate to school situations in any communications made through the Network. Do not use obscene, profane, lewd, vulgar, rude, inflammatory, sexually explicit, defamatory, threatening, abusive or disrespectful language in communications through the Network (including, but not limited to, public messages, private messages, and material posted on web pages).
2. Do not engage in personal attacks, including prejudicial or discriminatory attacks.
3. Do not harass another person. Harassment is persistently acting in a manner that distresses or annoys another person. If a student is told by a person to stop sending him/her messages, the student must stop.
4. Do not post information that, if acted upon, could cause damage or a danger of disruption.
5. Never reveal names, addresses, phone numbers, or passwords of yourself or other students, family members, teachers, administrators, or other staff members while communicating on the Internet. This prohibition includes, but is not limited to, disclosing personal identification information on commercial web sites.
6. Do not transmit pictures or other information that could be used to establish your identity without prior approval of a teacher.
7. Never agree to get together with someone you "meet" on-line without parent/guardian approval and participation.
8. Check email frequently and diligently delete old mail on a regular basis from the personal mail directory to avoid excessive use of the electronic mail disk space.
9. Students should promptly disclose to their teacher or other school employee any message they receive that is inappropriate or makes them feel uncomfortable, especially any e-mail that contains pornography. Students should not delete such messages until instructed to do so by a staff member.

- I. Malicious use of the Network to develop programs that harass other users or infiltrate a computer or computer system and/or damage the software components of a computer or computing system is prohibited. Students may not use the Network in such a way that would disrupt its use by others. Students must avoid intentionally wasting limited resources. Students may not bypass or attempt to bypass the District's Technology Protection Measure. Students must immediately notify the teacher, Principal, or any available staff member if they identify a possible security problem. Students should not go looking for security problems, because this may be construed as an unlawful attempt to gain access.
- J. All communications and information accessible via the Internet should be assumed to be private property (i.e. copyrighted and/or trademarked). All copyright issues regarding software, information, and attributions/acknowledgement of authorship must be respected. Rules against plagiarism will be enforced.
- K. Downloading of information onto the Board's hard drives is prohibited, without prior approval from the Principal. If a student transfers files from information services and electronic bulletin board services, the student must check the file with a virus-detection program before opening the file for use. Only public domain software may be downloaded. If a student transfers a file or software program that infects the Network with a virus and causes damage, the student will be liable for any and all repair costs to make the Network once again fully operational.
- L. Students must secure prior approval from a teacher or the Principal before joining a Listserv (electronic mailing lists) and should not post personal messages on bulletin boards or "Listservs."
- M. Students are prohibited from accessing or participating in online "chat rooms" or other forms of direct electronic communication (e.g., instant messaging) (other than e-mail) without prior approval from a teacher or the Principal. All such authorized communications must comply with these guidelines.
- N. Privacy in communication over the Internet and the Network is not guaranteed. In order to verify compliance with these guidelines, the Board reserves the right to monitor, review, and inspect any directories, files and/or message residing on or sent using the Network. Messages relating to or in support of illegal activities will be reported to the appropriate authorities.
- O. Use of the Internet and any information procured from the Internet is at the student's own risk. The Board makes no warranties of any kind, either express or implied, that the functions or the services provided by or through the Network will be error-free or without defect. The Board is not responsible for any damages a user may suffer, including, but not limited to, loss of data, service interruptions, or exposure to inappropriate material or people. The Board is not responsible for the accuracy or quality of information obtained through the Internet. Information (including text, graphics, audio, video, etc.) from Internet sources used in student papers, reports, and projects should be cited the same as references to printed materials. The Board will not be responsible for financial obligations arising through the unauthorized use of the Network. Students or parents/guardians of students will indemnify and hold the Board harmless from any losses sustained as a result of misuse of the Network

by the student. Use of the Network by students will be limited to those students whose parents/guardians have signed a release of claims for damages against the Board.

- P. File-sharing is strictly prohibited. Students are prohibited from downloading and/or installing file-sharing software or programs on the Network.
- Q. Students may not establish or access personal web-based email accounts on commercial services through the Network (e.g., Gmail, Hotmail, Yahoo mail, etc.).
- R. Since there is no central authority on the Internet, each site is responsible for its own users. Complaints received from other sites regarding any of the District's users will be fully investigated and disciplinary action will be taken as appropriate.
- S. Preservation of Resources and Priorities of Use: Computer resources are limited. Because space on disk drives and bandwidth across the lines which connect the Network (both internally and externally) are limited, neither programs nor information may be stored on the system without the permission of the District Technology Coordinator. Each student is permitted reasonable space to store email, web, and personal files. The Board reserves the right to require the purging of files in order to regain disk space. Students who require access to the Network for class-or instruction related activities have priority over other users. Students not using the Network for class-related activities may be "bumped" by any student requiring access for class-or instruction related purpose. The following hierarchy will prevail in governing access to the Network:
 - 1. Class work, assigned and supervised by a staff member.
 - 2. Class work, specifically assigned but independently conducted.
 - 3. Personal correspondence (checking, composing, and sending email).
 - 4. Training (use of such programs as keyboarding tutors, etc.)
 - 5. Personal discovery ("surfing the Internet").
 - 6. Other uses – access to resources for "other uses" may be further limited during the school day at the discretion of the Principal or District Technology Coordinator.
- T. Game playing is not permitted at any time.

TRANSMISSION OF RECORDS AND OTHER COMMUNICATIONS

Parents/Guardians have to complete and return to the District Form 8330 F4a in order to authorize the staff to communicate with the parent/guardian via facsimile and/or electronic mail ("email"). Parents/Guardians who elect to communicate with a staff member via e-mail are required to keep the District informed of any changes to their email address.

STUDENT ASSESSMENT

Unless exempted, each student must pass all portions of the State-mandated assessment test as a requirement for graduation. The test will be administered twice a year until the student passes all parts of the test. Students are only required to retake those parts of the test they have not yet passed. While the School District does schedule make-up dates for testing, students should avoid unnecessary absences.

PUBLIC SCHOOL CHOICE OPTIONS

Parents/Guardians of students enrolled in a Title I school in the District the first year following the building's identification as being in "School Improvement" have the right to transfer their children to another school in the District, provided there is a school that provides instruction at the students' grade level(s) and such school has not been identified as being in the process of school improvement, corrective action, or restructuring. However, if there is not another school in the District offering instruction at the students' grade level(s) that has not been identified as needing improvement, the Superintendent will contact neighboring districts and request that they permit students to transfer to a school in one of those districts. Supplemental Education Services (SES) will also be offered to students in any school no later than the first year following the building's identification as being in "School Improvement", regardless of whether a transfer option is available.

Additionally, if a school within the District has been designated as “persistently dangerous” as defined by State law, students have the right to transfer to another “safe” school in the District. If there is not another “safe” school in the District providing instruction at the students’ grade level(s), the Superintendent shall contact neighboring districts and request that they permit students to transfer to a school in one of those districts. Further, if a student is a victim of a violent crime on school property, s/he also has the right to transfer to another school in the District. If there is not another school in the District providing instruction at the student’s grade level, the Superintendent shall contact neighboring districts and request that they permit that student to transfer to a school in one of those districts providing instruction at the student’s grade level.

SECTION III - STUDENT ACTIVITIES

SCHOOL-SPONSORED CLUBS AND ACTIVITIES

Ashtabula Area City Schools provides students the opportunity to broaden their learning through curricular-related activities. A curricular-related activity may be taken for credit, required for a particular course, and/or contain school subject matter.

The Board authorizes student groups that are sponsored by a staff member. Please contact the main office of your school to learn about sponsored clubs and activities.

Extra-curricular activities do not reflect the School curriculum, but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports, drama, and the like.

All students are permitted to participate in the activities of their choosing, as long as they meet the eligibility requirements. Participation in these activities is a privilege and not a right, and students may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing and/or appeal rights in accordance with Board Policy 5610.05.

NON SCHOOL-SPONSORED CLUBS AND ACTIVITIES

Non School-sponsored student groups may meet in the school building during non-instructional hours. The application for permission to use school facilities can be obtained from the Principal. The applicant must verify that the activity is being initiated by students, that attendance is voluntary, that no school staff person is actively involved in the event, that the event will not interfere with school activities, and that non-school persons do not play a regular role in the meeting. All school rules relating to student conduct and equal opportunity to participate apply to such activities.

Membership in a fraternity, sorority, or other secret society as prescribed by law is not permitted. All groups must comply with School rules and must provide equal opportunity to participate.

No non district-sponsored organization may use the name of the school or school mascot on any materials or information.

ATHLETICS

Ashtabula Area City Schools provides a variety of athletic activities in which students may participate provided they meet eligibility requirements established by the Board and by the Ohio High School Athletic Association (OHSAA). Participation in these activities is a privilege and not a right, and students may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing and/or appeal rights in accordance with Board Policy 5610.05.

The list of activities currently being offered is available on the website www.lakesidedragons.org. For further information, contact the Athletic Director, at (440) 993-2522.

ACADEMIC ELIGIBILITY

In order to be eligible for any co-curricular, interscholastic, and non-interscholastic activity, a student must have maintained at least a 2.0 grade-point average for the grading period prior to the grading period in which s/he wishes to participate.

Students who are educated at home or enrolled in nonpublic schools are eligible to participate in accordance with Policy 9270.

The Board further directs that only those students may participate in the program of interscholastic athletics who have:

- A. maintained a satisfactory academic record;
- B. attended school regularly;
- C. demonstrated good citizenship and responsibility;
- D. returned all school and athletic equipment;
- E. refrained from participation in a contest on an interscholastic team, or as an individual in the same sport during the school's season.

STUDENT EMPLOYMENT

It is recommended that students not take jobs outside of school that could interfere with their success in school. If a student elects to maintain a job in addition to going to school, s/he must first contact his/her counselor to discuss any legal requirements and to obtain any required documents.

STUDENT ATTENDANCE AT SCHOOL EVENTS

Students are encouraged to attend as many after school events as possible, without interfering with their school work and home activities. Enthusiastic spectators help to build school spirit and encourage those students participating in the event.

It is strongly advised that students attending evening events as nonparticipants be accompanied by a parent or adult chaperone. The Board is not responsible for supervising unaccompanied students nor will it be responsible for students who arrive without an adult chaperone.

STUDENT PRECINCT WORKERS

In conjunction with the County Board of Elections, the Board of Education will allow high school students to apply and, if appointed by the Board of Election, to serve as precinct officers at a primary, special, or general election.

To be eligible, a student shall be:

- A. a United States citizen
- B. a resident of the county

C. at least seventeen (17) years of age

D. enrolled in the senior year of high school

As part of the application process, the student shall declare his/her political party affiliation with the Board of Election. Any student selected shall be excused from school on the day of an election at which the student is serving as a precinct officer.

SECTION IV - STUDENT CONDUCT

ATTENDANCE

School Attendance Policy

Regular attendance is a significant student responsibility at all grade levels. Many studies correlate regular attendance with success in school. Regular attendance means that the academic learning process is not interrupted, less time is spent on make-up assignments, and students benefit from participation and interaction with others in class. Many important lessons are learned through active participation in classroom and other school activities that cannot be replaced by individual study.

- A. Establishing a pattern of good attendance will benefit the student in school and in the workplace. Attendance is important in the development of a high quality work ethic, which will be a significant factor in a student's success with future employers. One of the most important work habits that employers look for in hiring and promoting a person is her/his dependability in coming to work every day on time. This is a habit the School wants to help students develop as early as possible.

Truancy

Unexcused absence from school (truancy) is not acceptable. Students who are truant will receive no credit for school work that is missed. A student will be considered habitually truant if the student is absent without a legitimate excuse for thirty (30) or more consecutive hours, for forty-two (42) or more hours in 1 month, or for seventy-two (72) or more hours in 1 school year.

If a student is habitually truant and the student's parent/guardian fails to cause the student's attendance, a complaint will be filed with the Judge of the Juvenile Court in compliance with State law and Board Policy 5200. Habitual truancy can also result in:

- A. assigning the student to a truancy intervention program
- B. providing counseling to the student
- C. requesting or requiring the student's parent/guardian to attend a parental involvement program
- D. notifying the Registrar of Motor Vehicles of the student's absences
- E. taking appropriate legal action
- F. assignment to an alternative school

Excused Absences

Students may be excused from school for one or more of the following reasons and will be provided an opportunity to make-up missed school work and/or tests:

- A. personal illness (a written physician's statement verifying the illness may be required)
- B. illness in the family necessitating the presence of the child
- C. quarantine of the home
- D. death in the family
- E. necessary work at home due to absence or incapacity of parent(s)/guardian(s)
- F. observation or celebration of a bona fide religious holiday
- G. out-of-state travel (up to a maximum of four (4) days per school year) to participate in a District-approved enrichment or cocurricular activity
- H. Any classroom assignments missed due to the absence shall be completed by the student.
- I. such good cause as may be acceptable to the Superintendent
- J. medically necessary leave for a pregnant student in accordance with Policy 5751
- K. service as a precinct officer at a primary, special or general election in accordance with the program set forth in Policy 5725

Notification of Absence

If a student will be absent, the parents/guardians must notify the main office at your child's School by the start of the school day and provide an explanation. If prior contact is not possible, the parents/guardians should provide a written excuse as soon as possible after the student's absence. When no excuse is provided, the absence will be unexcused and the student will be identified as truant for that school day. If the offered excuse for a student's absence is questionable or if the number of student absences is excessive, the school staff will notify the parents/guardians of the need for improvement in the student's attendance.

A skipped class or part of the school day will be identified as an unexcused absence and students will not be permitted to make-up missed class work. The student will also be subject to disciplinary action.

Students with a health condition that causes repeated absences must provide the administration with an explanation of the condition from a registered physician.

An automated phone call will be sent out to parent/guardian within two hours of the start of your child's school day.

Homebound Instruction

The School may arrange for individual instruction at home for students who are unable to attend school because of an accident, illness, or disability. Such instruction may be arranged upon receipt of documentation of the student's condition from a physician. For more information, contact the Director of Special Education/Pupil Services.

Make-up of Tests and Other School Work

Students who are absent from school with an excuse shall be given the opportunity to makeup missed work. The student should contact their teacher(s) as soon as possible to obtain assignments.

The number of days for completion of make-up work will be equivalent to the number of excused days of absence.

If a student misses a teacher's test due to an excused absence, s/he should make arrangements with the teacher to take the test at another time. If s/he misses a State Mandated assessment test or other standardized test, the student should consult with the Principal or Guidance Counselor to arrange for administration of the test at another time.

Suspension from School

Absence from school due to suspension shall be considered an authorized absence.

A suspended student will be responsible for making up school work missed due to suspension. Assignments may be obtained from the Principal beginning with the first day of suspension. Make up of missed tests may be scheduled when the student returns from school.

The student must complete missed assignments during the suspension and turn them in to the teacher within one (1) day after returning to school.

Unexcused Absences

Any student who is absent from school for all or any part of the day without a legitimate excuse shall be considered truant and the student and his/her parents/guardians shall be subject to truancy laws of the State. (Please refer also to "Truancy" on page 38 of this handbook.)

Tardiness

Primary Level

A student who is not in his/her assigned location by 8:00 am shall be considered tardy. Any student arriving late to school is to report to the School office before going to class.

Intermediate Level

A student who is not in his/her assigned location by 9:25 am shall be considered tardy. Any student arriving late to school is to report to the School office before going to class.

Secondary Level

Each student is expected to be in his/her assigned location throughout the school day. If a student is late arriving at school, s/he must report to the School office before going to his/her first assigned location. Any student who is late to class up to 5 minutes shall be disciplined by the teacher. Students who are more than 10 minutes late will be considered absent for that instructional period.

Students who are tardy to school more than 10 times during a semester shall be disciplined according to the Student Code of Conduct.

Vacations During the School Year

It is recommended that parents/guardians not take their child out of school for vacations. When a family vacation must be scheduled during the school year, the parents/guardians should discuss the matter with the Principal to make necessary arrangements. It may be possible for the student to receive certain assignments that may be completed during the trip.

CODE OF CONDUCT

A major component of the educational program (at school) is to prepare students to become responsible citizens by learning how to conduct themselves properly and in accordance with established standards. Students are expected to behave in accordance with Federal, State and local laws and rules and Board policies and Administrative Guidelines, and in a way that respects the rights and safety of others. Staff will take corrective action to discipline a student and/or to modify the student's behavior when a student's behavior does not fall within these parameters.

School staff may report suspected criminal misconduct by a student to law enforcement. Law enforcement officers will be permitted to carry out necessary law enforcement functions in the schools, including the removal of a student from school grounds in appropriate circumstances.

Expected Behaviors

Students are expected to:

- A. act courteously to adults and fellow students;
- B. be prompt to school and attentive in class;
- C. work cooperatively with others when involved in accomplishing a common goal regardless of the other's ability, gender, race, or ethnic background;
- D. complete assigned tasks on time and as directed;
- E. help maintain a school environment that is safe, friendly, and productive;
- F. act at all times in a manner that reflects pride in self, family, and in the School.

Classroom Environment

It is the responsibility of students, teachers, and administrators to maintain a classroom environment that allows:

- A. a teacher to communicate effectively with all students in the class; and
- B. all students in the class the opportunity to learn.

Dress and Grooming

Students are expected to dress appropriately at all times. Any fashion (dress, accessory, or hairstyle) that disrupts the educational process or presents a safety risk will not be permitted.

Students should consider the following questions when dressing for school:

Does my clothing expose too much? (No)

Does my clothing advertise something that is prohibited to minors? (No)

Are there obscene, profane, drug-related, gang-related, or inflammatory messages on my clothing? (No)

Am I dressed appropriately for the weather? (Yes)

Do I feel comfortable with my appearance? (Yes)

The following styles or manners of dress are prohibited:

- A. No saggy pants are permitted. A belt must be worn to keep sagging pants up at the waist; pants are not to be dragging on the floor.
- B. No inappropriately “ripped/holey/frayed” jeans.
- C. No pajama pants. No inappropriate graphics on clothing. No see-through clothing of any kind.
- D. No mini-dresses/mini-skirts; (when determining if a garment is too short, it must be longer than the length of your fingertips with arms held down at your side).
- E. No mesh tops, midriff tops, and tank tops are to be worn alone.
- F. No hats, headbands, bandannas, hoods, do-rags, sunglasses or gloves are to be worn in school.
- G. No coats and jackets are to be worn in the school building (extenuating circumstances may occur).
- H. No disruptive hair color or hair styles will be worn in school.
- I. No disruptive or unsafe piercings, jewelry, or accessories.
- J. No Slippers. We require appropriate and safe footwear.

Students who are representing Ashtabula Area City Schools at an official function or public event may be required to follow specific dress requirements. Usually, this applies to athletic teams, cheerleaders, bands, and other such groups.

Gangs

Gangs that initiate, advocate or promote activities that threaten the safety or well-being of persons or that are disruptive to the school environment will not be tolerated.

Incidents involving initiations, hazing, intimidations or related activities that are likely to cause harm or personal degradation are prohibited.

Students wearing, carrying or displaying gang paraphernalia or exhibiting behaviors or gestures that symbolize gang membership or causing and/or participating in activities that are designed to intimidate another student will be disciplined. Prohibited gang paraphernalia may be specifically identified and posted by the Principal.

Care of Property

Students are responsible for the care of their own personal property. The School is not responsible for personal property. Valuables such as jewelry or irreplaceable items should not be brought to school.

Damage to or loss of school equipment and facilities wastes taxpayers' money and undermines the school program. Therefore, if a student damages or loses school property, the student and/or his/her parents/guardians will be required to pay for the replacement or repair. If the damage or loss was intentional, the student will be subject to discipline according to the Student Discipline Code.

BULLYING, HARASSMENT, AND INTIMIDATION

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations among members of the school community.

Harassment, intimidation, or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse, and violence within a dating relationship. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, on a school bus, or while enroute to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

This policy has been developed in consultation with parents/guardians, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy.

Harassment, intimidation, or bullying means:

- A. any intentional written, verbal, electronic, or physical act that a student or group of students exhibits toward another particular student(s) more than once and the behavior both causes mental or physical harm to the other student(s) and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s); or
- B. violence within a dating relationship

"Electronic act" means an act committed through the use of a cellular telephone, computer, pager, personal communication device, or other electronic communication device.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well-being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, national origin, marital status, or disability. It would include, but not be limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name calling, taunting, making threats, and hazing.

Harassment, intimidation, or bullying also means cyberbullying through electronically transmitted acts (i.e., internet, e-mail, cellular telephone, personal digital assistant (PDA), or wireless hand-held device) that a student(s) or a group of students exhibits toward another particular student(s) more than once and the behavior both causes mental and physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s).

Any student or student's parent/guardian who believes s/he has been or is the victim of aggressive behavior should immediately report the situation to the building Principal or Assistant Principal, or the Superintendent. The student may also report concerns to teachers and other school staff who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building Principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. The building Principal or appropriate administrator shall prepare a written report of the investigation upon completion. Such report shall include findings of fact, a determination of whether acts of harassment, intimidation, and/or bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action shall be included in the report. Where appropriate, written witness statements shall be attached to the report.

If the investigation finds an instance of harassment, intimidation, and/or bullying/cyberbullying by an electronic act or otherwise, has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include suspension or expulsion for students, up to discharge for employees, exclusion for parents/guardians, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

If, during an investigation of a reported act of harassment, intimidation and/or bullying/cyberbullying, the Principal or appropriate administrator believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Principal will report the act of bullying and/or harassment to one of the Anti-Harassment Compliance Officers so that it may be investigated in accordance with the procedures set forth in Policy 5517 - Anti-Harassment.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Retaliation may result in disciplinary action as indicated above.

Deliberately making false reports about harassment, intimidation, bullying and/or other aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Deliberately making false reports may result in disciplinary action as indicated above.

If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

The District shall implement intervention strategies (AG 5517.01) to protect a victim or other person from new or additional harassment, intimidation, or bullying and from retaliation following such a report.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken. If after investigation, acts of bullying against a specific student are verified, the building Principal or appropriate administrator shall notify the custodial parent/guardian of the victim of such finding. In providing such notification care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment, intimidation, and/or bullying.

If after investigation, acts of harassment, intimidation, and/or bullying by a specific student are verified, the building Principal or appropriate administrator shall notify in writing the custodial parent/guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in the notification.

Complaints

Students and/or their parents/guardians may file reports regarding suspected harassment, intimidation, or bullying. Such reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the building Principal for review, investigation, and action.

Students, parents/guardians, and school personnel may make informal or anonymous reports of conduct that they consider to be harassment, intimidation, and/or bullying by verbal report to a teacher, school administrator, or other school personnel. Such complaints shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or

staff witnesses. A school staff member or administrator who receives an informal or anonymous complaint shall promptly document the complaint in writing, including the information provided. This written report shall be promptly forwarded by the school staff member and/or administrator to the building Principal for review, investigation, and appropriate action.

Individuals who make informal complaints as provided above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. Anonymous complaints shall be reviewed and reasonable action shall be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of harassment, intimidation, and/or bullying.

When an individual making an informal complaint has requested anonymity, the investigation of such complaint shall be limited as is appropriate in view of the anonymity of the complaint. Such limitation of investigation may include restricting action to a simple review of the complaint subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

Privacy/Confidentiality

The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

Reporting Requirement

At least semi-annually, the Superintendent shall provide to the President of the Board a written summary of all reported incidents and post the summary on the District website (if one exists). The list shall be limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events.

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services in accordance with statute. District personnel shall cooperate with investigations by such agencies.

Immunity

A School District employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy and R.C. 3313.666 if that person reports an incident of harassment, intimidation, and/or bullying promptly, in good faith, and in compliance with the procedures specified in this policy. Such immunity from liability shall not apply to an employee, student, or volunteer determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

Notification

Notice of this policy will be **annually** circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. At least once each school year a written statement describing the policy and consequences for violations of the policy shall be sent to each student's custodial parent or guardian.

The statement will be posted on the district website.

The policy and an explanation of the seriousness of bullying by electronic means shall be made available to students in the District and to their custodial parents or guardians.

State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedures.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of aggressive behavior, including bullying and violence within a dating relationship. The Superintendent or designee shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board's policy and administrative guidelines and aggressive behavior and bullying in general, will be age and content appropriate.

Annually, the District shall provide all students enrolled in the District with age-appropriate instruction regarding the Board's policy, including a written or verbal discussion of the consequences for violations of the policy to the extent that State or Federal funds are appropriated for this purpose.

Students in grades seven (7) through twelve (12) shall receive age-appropriate instruction in dating violence prevention education, including instruction in recognizing dating violence warning signs and characteristics of healthy relationships. Parents/Guardian, who submit a written request to the building Principal to examine the dating violence prevention instruction materials used in the school, will be afforded an opportunity to review the materials within a reasonable period of time.

The District shall provide training, workshops, and/or courses on this policy for school employees and volunteers who have direct contact with students, to the extent that State or Federal funds are appropriated for these purposes. Time spent by school staff in these training programs shall apply toward mandated continuing education requirements.

In accordance with Board Policy 8462, the Superintendent shall include a review of this policy on bullying and other forms of harassment in the required training in the prevention of child abuse, violence, and substance abuse and the promotion of positive youth development.

The Superintendent shall develop administrative guidelines to implement this policy. Guidelines shall include reporting and investigative procedures, as needed. The complaint procedure established by the Superintendent shall be followed.

ZERO TOLERANCE

No form of violent, disruptive, or inappropriate behavior will be tolerated.

WEAPONS

The Board of Education prohibits students from possessing, storing, making, or using a weapon, including a concealed weapon, in a school safety zone any setting that is under the control and supervision of the Board for the purpose of school activities approved and authorized by the Board including, but not limited to, property leased, owned, or contracted for by the Board, a school-sponsored event, or in a Board-owned vehicle.

The term "weapon" means any object which, in the manner in which it is used, is intended to be used, or is represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health and safety of persons. Weapons include, but are not limited to, firearms, guns of any type whatsoever, including air and gas-powered guns (whether loaded or unloaded), knives, razors, clubs, electric weapons, metallic knuckles, martial arts weapons, ammunition, and explosives.

Policy exceptions include:

- A. items pre-approved by the building Principal as part of a class or individual presentation under adult supervision, if used for the purpose and in the manner approved (working firearms and any ammunition will never be approved as a part of a presentation);
- B. theatrical props used in appropriate settings

Students shall report any information concerning weapons and/or threats of violence by students, staff members, or visitors to the building principal. Failure to report such information may subject the student to disciplinary action.

This policy shall be implemented through the Code of Conduct/Student Discipline Code, Policy 5610, and Policy 5610.01, and through administrative guidelines.

The Superintendent is authorized to establish instructional programs on the weapons and the requirement that students immediately report knowledge of weapons and threats of violence by students and/or staff to the building Principal. Failure to report such knowledge may subject the student to discipline.

The Superintendent will refer any student who violates this policy to the student's parents or guardians and to the criminal justice or juvenile delinquency system. The student may also be subject to disciplinary action, up to and including expulsion.

STUDENT DISCIPLINE CODE

Each of the behaviors and/or types of misconduct described below are prohibited and may subject the student to disciplinary action including, but not limited to, student conference, parent/guardian notification, parent/guardian conference, detention, in-school discipline, suspension and/or expulsion from school. Furthermore, any criminal acts committed at or related to the School will be reported to law enforcement officials as well as disciplined at school. Certain criminal acts may result in permanent exclusion from school.

1. Possession/use of drugs and/or alcohol

Possessing, using, transmitting or concealing, or being under the influence of any alcoholic beverage, controlled substance including, but not limited to, narcotics, mood altering drugs, counterfeit controlled substances, lookalikes, over the counter stimulants or depressants, anabolic steroids, or drug related paraphernalia.

If a building Principal has a reasonable individualized suspicion of drug or alcohol use, s/he may request the student in question to submit to any appropriate testing, including but not limited to, a breathalyzer test or urinalysis. In such circumstances, the student will be taken to a private administrative or instructional area on school property for such testing with at least one other member of the teaching or administrative staff present as a witness to the test. If a student refuses to take the test, s/he will be advised that such denial leaves the observed evidence of alcohol or drug use unrefuted thus leading to possible disciplinary action. The student will then be given a second opportunity to take the test.

2. Possession/use of tobacco/nicotine products

Possession, consumption, distribution, purchase or attempt to purchase, and/or use of tobacco/nicotine products or electronic cigarettes or similar devices in school, on school grounds, on school buses, and at any interscholastic competition, extra-curricular event, or other school sponsored event. Tobacco products include, but are not limited to cigarettes, cigars, pipe tobacco, chewing tobacco, snuff or any other matter or substance that contains tobacco/nicotine. Smoking of electronic, "vapor", other substitute forms of cigarettes, or clove cigarettes whether they contain nicotine or not, is also prohibited. Possessing tobacco products on school property will also result in a citation from the school resource officer.

3. Use and/or possession of a firearm

Bringing a firearm (as defined in the Federal Gun-Free Schools Act of 1994) onto school property or to any school-sponsored activity, competition, program, or event, regardless of where it occurs, will result in a mandatory one (1) year expulsion under Ohio law. This expulsion may be reduced on a case-by-case basis by the Superintendent using the guideline(s) set forth in Board Policy 5610.

Students are prohibited from knowingly possessing an object on school premises, in a school or a school building, at a school activity or on a school bus that is indistinguishable from a firearm, whether or not the object is capable of being fired, and indicating they are in possession of such an object and that it is a firearm or knowingly displaying or brandishing the object and indicating it is a firearm.

4. Use and/or possession of a weapon

A weapon is any device that may be used for offensive or defensive purposes, including but not limited to conventional objects such as guns, pellet guns, knives, or club type implements. It may also include any toy that is presented as a real weapon or reacted to as a real weapon. Possession and/or use of a weapon may subject a student to expulsion and possible permanent exclusion.

A knife is defined as any cutting instrument consisting of a sharp blade fastened to a handle, a razor blade or any similar device that is used for, or is readily capable of causing death or serious bodily injury.

5. Use of an object as a weapon

Any object that is used to threaten, harm, or harass another may be considered a weapon. This includes but is not limited to padlocks, pens, pencils, laser pointers, and jewelry.

6. Knowledge of dangerous weapons or threats of violence

Because the Board believes that students, staff members, and visitors are entitled to function in a safe school environment, students are required to report knowledge of dangerous weapons or threats of violence to the Principal. Failure to report such knowledge may subject the student to discipline.

7. Arson

Intentional or purposeful destruction or damage to school or district buildings or property by means of fire. Anything, such as fire, that endangers school property and its occupants will not be tolerated. Arson is a felony.

8. Physically assaulting a staff member/student/person associated with the District.

Acting with intent to cause fear in another person of immediate bodily harm or death, or intentionally bullying, inflicting or attempting to inflict bodily harm upon another person. Physical assault of a staff member, student, or other person associated with the District, regardless of whether it causes injury, will not be tolerated. Any intentional, harmful or potentially harmful physical contact or bullying initiated by a student against a staff member will be considered to be assault. Assault may result in criminal charges and may subject the student to expulsion.

9. Verbally threatening (either orally, in writing or otherwise expressed) a staff member/student/person associated with the District.

Any oral or written statement or otherwise expressed action that a staff member, student, or other person associated with the District reasonably feels to be a threat will be considered a verbal assault. Profanity directed toward a staff member in a threatening tone may also be considered a verbal assault. Confrontation with a student or staff member that bullies, intimidates, or causes fear of bodily harm or death is also prohibited.

10. Misconduct against a school official or employee, or the property of such a person, regardless of where it occurs.

The Board prohibits misconduct committed by a student against a school official or employee, including, but not limited to, harassment (of any type), vandalism, assault (verbal and/or physical), and destruction of property.

11. Misconduct off school grounds

Students may be subject to discipline for their misconduct, even when it occurs off school property when the misconduct is connected to activities or incidents that occurred on property owned or controlled by the District.

Misconduct is defined as any violation of the Student Discipline Code.

12. Extortion

Extortion is the use of threat, intimidation, force, or deception to take, or receive something from someone else. Extortion is against the law.

13. Gambling

Gambling (i.e., playing a game of chance for stakes) includes casual betting, betting pools, organized-sports betting, and any other form of wagering. Students who bet on any school activity in which they are involved may also be banned from that school activity.

14. Falsification of school work, identification, forgery

Falsifying signatures or data, or refusing to give proper identification or giving false information to a staff member. This prohibition includes, but is not limited to, forgery of hall/bus passes and excuses, as well as the use of false I.D.'s.

Plagiarism and cheating are also forms of falsification and will subject the student to academic penalties as well as disciplinary action.

15. Bomb Threats, and other false alarms and reports

Making a bomb threat (i.e., intentionally giving a false alarm of a bomb) against a school building or any premises at which a school activity is being held at the time the threat is made may result in expulsion for a period of up to one (1) school year. Additionally, intentionally giving a false alarm of a fire, or tampering or interfering with any fire alarm is prohibited. It should be remembered that false emergency alarms or reports endanger the safety forces that are responding to the alarm/report, the citizens of the community, and the persons in the building. What may seem like a prank, is a dangerous stunt that is against the law and will subject the student to disciplinary action.

16. Terroristic Threat

Threatening, directly or indirectly, to commit a crime of violence with the purpose to terrorize another or with reckless disregard of the risk of causing terror in another.

17. Possession and/or use of explosives and/or fireworks

Possessing or using any compound or mixture, the primary or common purpose of which is to function by explosion, with substantially instantaneous release of gas and heat (including, but not limited to explosives and chemical-reaction objects such as smoke bombs and poppers). Additionally, possessing or offering for sale any substance, a combination of substances or articles prepared to produce a visible and/or audible effect by combustion, explosion, deflagration or detonation.

18. Trespassing

Although schools are public facilities, the law allows the Board to restrict access to school property. Being present in any Board-owned facility or portion of a Board-owned facility when it is closed to the public or when the student does not have the authorization to be there, or unauthorized presence in a Board-owned vehicle; or unauthorized access or activity in a Board-owned computer, into district, school or staff computer files, into a school or district file server, or into the Network. When a student has been removed, suspended, expelled, or permanently excluded from school, the student is prohibited from being present on school property without authorization of the Principal.

19. Theft, or knowingly receiving or possessing stolen property

Unauthorized taking of property of another person or receiving or possessing such property. Students caught stealing will be disciplined and may be reported to law enforcement officials. Students should not bring anything of value to school without prior authorization from the Principal. The School is not responsible for personal property.

20. Insubordination

Students are expected to comply with the reasonable directions of staff. Willful refusal or failure to follow or comply with an appropriate direction given by a staff member, or acting in defiance of staff members.

21. Damaging property (Vandalism)

Defacing, cutting, or otherwise damaging property that belongs to the school, district, other students, employees or others and disregard for school property.

22. Persistent absence or tardiness

Attendance laws require students to be in school all day or to have a legitimate excuse for their absence. Penalties for unexcused absences can range from detention to a referral to court and/or revocation of the student's driver's license.

23. Unauthorized use of school or private property

Students must obtain permission to use any school property or any private property located on school premises. Any unauthorized use of school property, or private property located on school premises, shall be subject to disciplinary action.

24. Refusing to accept discipline

Students failing to comply with disciplinary penalties may face enhanced penalties for such action.

25. Aiding or abetting violation of school rules

27. Possession of electronic equipment

The School will supply any electronic equipment or devices necessary for participation in the educational program. Students shall not use or possess any electronic equipment on school property or at any school sponsored activity without the permission of the Principal. Cell phones may only be used during scheduled times in the Commons (Lunch). ***NO earbuds are to be used anytime during the school day.*** Examples of prohibited devices include but are not limited to radios, “boom-boxes”, headphones, earbuds, MP3 players, electronic games/toys, paging devices and other electronic communication devices, and the like. Unauthorized electronic equipment will be confiscated from the student by school personnel and disciplinary action will be taken.

28. Violation of individual school/classroom rules

Each learning environment has different rules for students. These rules are for the safe and orderly operation of that environment. Students will be oriented to specific rules within each learning environment, all of which will be consistent with this Code.

29. Violation of bus rules (see Section V – Transportation)

30. Interference, disruption or obstruction of the educational process

Any actions or manner of dress that materially and substantially disrupts or interferes with school activities or the educational process, or which threaten to do so are unacceptable. Such disruptions include, but are not limited to, delay or prevention of lessons, assemblies, field trips, athletic and performing arts events.

31. Harassment and/or Aggressive Behavior (including Bullying/Cyberbullying)

The Board encourages the promotion of positive interpersonal relations between members of the school community. Harassment and/or aggressive behavior (including bullying/cyberbullying) toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse, and any speech or action that creates a hostile, intimidating, or offensive learning environment. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause

bodily harm or personal degradation. Individuals engaging in such conduct will be subject to disciplinary action.

Conduct constituting sexual harassment, may include, but is not limited to:

- A. verbal harassment or abuse;
- B. pressure for sexual activity;
- C. repeated remarks with sexual or demeaning implications;
- D. unwelcome touching;
- E. sexual jokes, posters, cartoons, etc.;
- F. suggesting or demanding sexual involvement, accompanied by implied or explicit threats concerning one's grades or safety;
- G. a pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;
- H. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.

Note: An inappropriate boundary invasion by a District employee or other adult member of the School District community into a student's personal space and personal life is sexual harassment. Further, any administrator, teacher, coach, other school authority who engages in sexual or other inappropriate physical contact with a student may be guilty of criminal "child abuse" as defined in State law.

Conduct constituting harassment on the basis of race, color, gender, gender identity, national origin, religion, or disability may take different forms, including, but not limited to, the following:

A. Verbal:

The making of offensive written or oral innuendoes, comments, jokes, insults, threats, or disparaging remarks concerning a person's race, color, national origin, religious beliefs, or disability.

B. Nonverbal:

Placing offensive objects, pictures, or graphic commentaries in the school environment or making insulting or threatening gestures based upon a person's race, color, national origin, religious beliefs, or disability.

C. Physical:

Any intimidating or disparaging action such as hitting, pushing, shoving, hissing, or spitting, on or by fellow staff members, students, or other persons associated with the District, or third parties, based upon the person's race, color, national origin, religious beliefs, or disability.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well-being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, marital status, or disability. It would include, but not be limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name-calling, taunting, making threats, and hazing.

Any student who believes that s/he is the victim of any of the above actions or has observed such actions by another student, staff member, or other person associated with the District, or by third parties should contact the District's Anti-Harassment Complaint Coordinator(s).

The Complaint Coordinators are available during regular school hours to discuss a student's concerns related to harassment and/or bullying/cyberbullying, to assist a student who seeks support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the student.

The student may report his/her concerns to the Anti-Harassment Complaint Coordinators either by a written report, telephone, or personal visit. In reporting his/her concerns, the student should provide the name of the person(s) whom s/he believes to be responsible for the harassment and or bullying/cyberbullying and the nature of the harassing and/or bullying/cyberbullying incident(s). The Anti-Harassment Complaint Coordinators will promptly compile a written summary of each such report that will be forwarded to the Principal.

Each report will be investigated in a timely manner and as confidentially as possible. The District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. While a charge is under investigation, no information will be released to anyone who is not involved with the investigation, except as may be required by law or in the context of a legal or administrative proceeding. All records generated under the terms of this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law. All individuals involved in an investigation as either a witness, victim or alleged harasser and/or bully/cyberbully will be instructed not to discuss the subject outside of the investigation.

If an investigation reveals that a harassment and/or bullying/cyberbullying complaint is valid, appropriate remedial and or disciplinary action will be taken promptly to prevent the continuance of the harassment and/or bullying/cyberbullying or its recurrence.

Given the nature of harassing and/or bullying/cyberbullying behavior, the School recognizes that false accusations can have serious effects on innocent individuals. Therefore, all students are expected to act responsibly, honestly, and with the utmost candor whenever they present harassment and/or bullying/cyberbullying allegations or charges.

Some forms of sexual harassment of a student may reasonably be considered child abuse that must be reported to the proper authorities.

These guidelines shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of harassment and/or aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as harassment and aggressive behavior. Making intentionally false reports about harassment or aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

Anyone having further questions concerning prohibited behaviors and/or the complaint process should request a copy of Board policies and administrative guidelines 5517 and 5517.01.

32. Hazing

Performing any act, or coercing another, including the victim, to perform any act of initiation into any class, team, or organization that causes or creates a substantial risk of causing mental or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this rule.

Hazing by any individual, school group, club, or team is not permitted. This includes any form of initiation that causes or creates a risk of causing mental or physical harm, no matter how willing the participant may be. Hazing activities are prohibited at any time in school facilities, on school property, and/or off school property but connected to activities or incidents that have occurred on school property.

All incidents of hazing must be reported immediately to any of the following individuals: the building Principal or other administrator; teacher; coach; student club advisor/supervisor, and/or Superintendent. Students who engage in hazing may also be liable for civil and criminal penalties.

33. Violent Conduct

Students may be expelled for up to one school year for committing an act at school, on school property, at an interscholastic competition, cocurricular event, or any other school program, or directing an act at a Board official or employee, regardless of where or when that act may occur, or their property that would be a criminal offense if committed by an adult and results in serious physical harm to person(s) or property.

34. Improper Dress

Clothing may not include words or visuals that are lewd, obscene, disruptive, abusive, or discriminatory, or that advertise drugs, alcohol or tobacco. Dress or grooming that is disruptive of the classroom or school atmosphere is not allowed. Shoes must be worn at all times for health and safety reasons.

44. Truancy

45. Tardiness

47. Repeated violations of school rules or Student Code of Conduct

DISCIPLINE

It is important to remember that the School's rules apply going to and from school, at school, on school property, at school-sponsored events, on school transportation, and on property not owned or controlled by the Board but that is connected to activities or incidents that have occurred on property owned or controlled by the Board. Furthermore, students may be disciplined for conduct that, regardless of where or when it occurs, is directed at a Board official or employee, or the property of such official or employee. In some cases, a student can be suspended from school transportation for infractions of school bus rules.

The School is committed to providing prompt, reasonable discipline consistent with the severity of the incident. The consequences for misbehavior are designed to be fair, firm and consistent for all students in the School.

Because it is not possible to list every misbehavior that occurs, misbehaviors not listed above will be responded to as necessary by staff.

Two (2) types of discipline are possible, informal and formal.

Informal Discipline

Informal discipline takes place within the School. It includes:

- A. writing assignments;
- B. change of seating or location;
- C. prior-to-school, lunch-time, after-school detention;
- D. in-school discipline;

Detentions

A student may be detained after school or asked to come to school early by a teacher, after giving the student and his/her parents/guardians one day's notice. The student or his/her parents/guardians are responsible for transportation.

In-School Assignment

A student missing any portion of her/his assigned time in Detention or In-School Assignment may be given an additional consequence. Failure to timely serve Detention or In-School Discipline assignment(s) may lead to suspension from school. Any such suspension shall be in accordance with District guidelines on suspension.

The following rules apply to Detention or In-School Discipline:

- A. Students are required to have class assignments with them.
- B. Students are not to communicate with each other unless given permission to do so.
- C. Students are to remain in their designated seats at all times unless permission is granted to do otherwise.

- D. Students shall not be allowed to put their heads down or sleep.
- E. No electronic communication devices, radios, MP3 players, cards, magazines, or other entertainment/recreational articles or devices shall be allowed in the room.
- F. No food or beverages shall be consumed.

Formal Discipline

Formal discipline involves removal of the student from school. It includes emergency removal for up to three (3) school days, suspension for up to ten (10) school days, expulsion for up to eighty (80) school days or more, as permitted by law, and permanent exclusion. Expulsions may carry over into the next school year. Any student who is expelled from school for more than twenty (20) days or for any period of time if the expulsion will extend into the following semester or school year will be provided with information about services or programs offered by public and private agencies that work toward improving those aspects of the student's attitude and behavior that contributed to the incident that gave rise to the student's expulsion. The Superintendent at his/her discretion may require/allow a student to perform community service in conjunction with or in place of an expulsion. The Superintendent may impose a community service requirement beyond the end of the school year in lieu of applying the expulsion to the following school year. Removal for less than one (1) school day without the possibility of suspension or expulsion may not be appealed. Suspension, expulsion, and permanent exclusion may be appealed.

Students being considered for suspension are entitled to an informal meeting with the building administrator prior to removal. Also, students being considered for expulsion are entitled to an informal meeting with the Superintendent or designee prior to removal. During the informal meeting, the student will be notified of the charges and given the opportunity to respond.

Students involved in cocurricular activities such as band and athletics can lose their eligibility for violation of the School rules.

If a student commits a crime while under the School's jurisdiction, s/he may be subject to school disciplinary action as well as action through local law enforcement.

DUE PROCESS RIGHTS

Before a student is suspended, expelled, or permanently excluded from school, there are specific procedures that must be followed.

As long as the in-school discipline is served entirely in the school setting, it will not require any notice or meeting, or be subject to appeal.

Suspension from School

When a student is being considered for a suspension, the Superintendent, Principal, or other administrator will notify the student of the basis for the proposed suspension in writing. The student will be given an opportunity to explain his/her view of the underlying facts and to challenge the reason/s for the suspension. After that informal hearing, the Principal, Assistant Principal, or

other administrator will determine whether or not to suspend the student. If the decision is made to suspend the student, s/he and his/her parents/guardians will be given written notification of the suspension within one (1) day setting forth the reason for the suspension, the length of the suspension, the process for appeal, and the right for the appeal hearing to be held in executive session before the Board. Additionally, an attempt will be made to notify the parents/guardians by phone. If the offense is one for which the District may seek permanent exclusion, the notice will contain that information. The suspension may be appealed, within five (5) days after receipt of the suspension notice, to the Treasurer or Superintendent. The request for an appeal must be in writing.

During the appeal process, the student shall not be allowed to remain in school.

If the appeal is heard by the Board's designee, the appeal shall be conducted in a private hearing. If the appeal is heard by the Board of Education, the appeal shall be conducted in executive session unless the student or his/her representative requests otherwise. A verbatim transcript will be made and witnesses will be sworn in prior to giving testimony. If the appeal decision is to uphold the suspension, the next step in the appeal process is to the Court of Common Pleas.

Emergency Removal

If a student's presence poses a continuing danger to persons or property, or an ongoing threat of disrupting the academic process taking place either in a classroom or elsewhere on the school premises, the Superintendent, Principal or Assistant Principal may remove the student from any curricular or extracurricular activity or from the school premises. A teacher may remove the student from any curricular or cocurricular activity under the teacher's supervision, but not from the premises.

If a teacher makes an emergency removal, the teacher will notify a building administrator of the circumstances surrounding the removal in writing within one (1) school day. No prior notice or hearing is required for any removal under this procedure. In all cases of normal disciplinary procedures where a student is removed from curricular or extracurricular activity for less than one school day, and is not subject to further suspension for expulsion, the following due process requirements do not apply.

If the emergency removal exceeds one (1) school day, then a hearing will be held on the next school day after the removal is ordered. Written notice of the hearing and the reasons for removal and any intended disciplinary action will be provided to the student, as soon as practical prior to the hearing. If the student is subject to an out of school suspension, the student will have the opportunity to appear at an informal hearing before the Principal, Assistant Principal, Superintendent or designee, and may challenge the reasons for the removal or otherwise explain her/his actions.

Students in Grades Pre-K through 3

A student in any of grades pre-kindergarten through 3 may be removed only for the remainder of the school day, and shall be permitted to return to any curricular and cocurricular activities on the next school day (following the day in which the student was removed or excluded). When a student in any of grades pre-kindergarten through 3 is removed and returned to his/her curricular and cocurricular activities the next school day, the Principal is not required to hold a hearing (or provide written notice of same).

Within one (1) school day of the decision to suspend, written notification will be given to the parent/guardian(s)/guardian(s) or custodian(s) of the student. This notice will include the reasons for the suspension, the right of the student or his/her parent/guardian(s)/guardian(s) or custodian(s) to appeal to the Board or its designee, and the student's right to be represented in all appeal proceedings. If it is likely that the student may be subject to expulsion, the hearing will take place on the next school day after the date of removal and will be held in accordance with the procedures outlined in the Student Expulsion Policy. The person who ordered or requested the removal will be present at the hearing. In an emergency removal, a student may be kept from class until the matter of the alleged misconduct is resolved either by reinstatement, suspension or expulsion.

Expulsion from School

When a student is being considered for expulsion, the student and parent/guardian will be provided with a formal written notice of the proposed expulsion. This written notice will include the reasons for the intended expulsion, notification of the opportunity to appear in person before the Superintendent or the Superintendent's designee to challenge the reasons for the expulsion and/or explain the student's action, and notification of the time and place to appear. Students being considered for expulsion may be removed immediately. A hearing will be scheduled no earlier than three (3), nor no later than five (5) school days after the notice is given. Parents/Guardians may request an extension of time for the hearing. The student may be represented by his/her parents/guardians, legal counsel, and/or by a person of his/her choice at the hearing.

In accordance with Board Policy 5610, the Superintendent shall initiate expulsion proceedings against a student who has committed an act that warrants expulsion under Board policy even if the student withdraws from school prior to the hearing or decision to impose the expulsion. The expulsion will be imposed for the same duration that it would have been had the student remained enrolled.

If a student is expelled, the student's parents/guardians will be provided with written notice within one (1) school day of the imposed expulsion. The notice will include the reasons for the expulsion, the right of the student, or the student's parent/guardian(s)/guardian(s) or custodian(s) to appeal the expulsion to the Board or its designee, the right to be represented in all appeal proceedings, the right to be granted a hearing before the Board or its designee, and the right to request that the hearing be held in executive session.

Within fourteen (14) days after the date of the notice of expulsion, the expulsion may be appealed, in writing to the Treasurer or Superintendent. A hearing on the requested appeal will be formal with an opportunity for sworn testimony. If the offense is one for which the District may seek permanent exclusion, the notice will contain that information. If the expulsion is upheld on appeal, a student's parents/guardians may pursue further appeal to the Court of Common Pleas.

Students serving expulsions will not be awarded grades or credit during the period of expulsion. Expulsion for certain violations including use or possession of alcohol or drugs, may result in revocation of student's driver's license. When a student is expelled, the Superintendent will notify any college in which the expelled student is enrolled under the Postsecondary Enrollment Option at the time the expulsion is imposed.

Permanent Exclusion

State law provides for the permanent exclusion of a student, 16 years of age or older who engages in certain criminal activity. Permanently excluded students may never be permitted to return to school anywhere in the State of Ohio. A permanent exclusion may be considered if the student is convicted or adjudicated delinquent for committing one or more of the following crimes while on the property of any Ohio school:

- A. conveying deadly weapons onto school property or to a school function;
- B. possessing deadly weapons onto school property or at a school function;
- C. carrying a concealed weapon onto school property or at a school function;
- D. trafficking in drugs onto school property or at a school function;
- E. murder, aggravated murder on school property or at a school function;
- F. voluntary or involuntary manslaughter on school grounds or at a school function;
- G. assault or aggravated assault on school property or at a school function;
- H. rape, gross sexual imposition or felonious sexual penetration on school grounds, or at a school function;
- I. complicity in any of the above offenses, regardless of the location.

This process is formal and may follow an expulsion with the proper notification to the parents/guardians.

Discipline of Students with Disabilities

Students with disabilities are entitled to the rights and procedures afforded by the Individuals with Disabilities Education Improvement Act (I.D.E.I.A.), and, where applicable, the Americans with Disabilities Act (A.D.A.), and/or Section 504 of the Rehabilitation Act of 1973.

Temporary Loss of Bus Riding Privileges/Transportation Privileges

When a student is being considered for temporary loss of bus riding/transportation privileges, the Superintendent or other designated District personnel will notify the student of the reason(s). The student will be given an opportunity to address the basis for the proposed loss of privilege at an informal hearing. After that informal hearing, the Superintendent or other designated District personnel will decide whether or not to invoke a loss of her/his bus riding/transportation privileges for all or part of the school year.

If a student's bus riding/transportation privileges are revoked, s/he and her/his parents/guardians will be notified, in writing, of the reasons for and the length of the loss of riding privileges.

SEARCH AND SEIZURE

Administrators may search a student or her/his property (including vehicles, purses, knapsacks, gym bags, etc.) with or without the student's consent, whenever they reasonably suspect that a search will lead to the discovery of evidence of a violation of law or school rules. The extent of the search will be governed by the seriousness of the alleged infraction and the student's age. Inspection of school property may be conducted with or without notice. Student lockers are the property of the District and students have no reasonable expectation of privacy in their contents or in the contents of any other District property including desks or other containers. School authorities may conduct random searches of lockers and their contents at any time without announcement. Unannounced and random canine searches may also be conducted.

Additionally, students have NO reasonable expectation of privacy in their actions in public areas including but not limited to, common areas, hallways, cafeterias, classrooms and gymnasiums. The District may use video cameras in such areas and on all school vehicles transporting students to and from regular and cocurricular activities.

Anything that is found in the course of a search may be used as evidence of a violation of school rules or the law, and may be taken, held or turned over to the police. The School reserves the right not to return items that have been confiscated.

INTERROGATION OF STUDENTS

The School is committed to protecting students from harm that may be connected with the school environment and also recognizes its responsibility to cooperate with law enforcement and public child welfare agencies. While the School believes these agencies should conduct their investigations off school property if possible, investigations can take place at school in emergency situations or if the violation being investigated occurred on school property.

Before students are questioned as witnesses or suspects in an alleged criminal violation, the building administrator will attempt to contact a parent/guardian prior to questioning and shall remain in the room during questioning unless compelling reasons for exclusion are provided by law enforcement.

If a student is questioned as the subject of alleged child abuse or neglect, the building administrator will attempt to contact a parent/guardian prior to questioning, and s/he (or a designated guidance counselor) will remain in the room during questioning unless compelling reasons for exclusion are provided by law enforcement. If the agency investigating the alleged child abuse or neglect suspects the parent/guardian is the perpetrator, neither parent/guardian will be contacted prior to questioning, but the building administrator (or a designated guidance counselor) will remain in the room during questioning unless compelling reasons for exclusion are provided by law enforcement.

If law enforcement or children's services agency removes a student from school, the parents/guardians are notified by the building administrator.

STUDENT RIGHTS OF EXPRESSION

The School recognizes the right of students to express themselves. With the right of expression comes the responsibility to do so appropriately. Students may distribute or display, at appropriate times, non sponsored, noncommercial written material and petitions; buttons, badges, or other insignia; clothing, insignia, and banners; and audio and video materials. All items must meet school guidelines.

A. Material cannot be displayed if it:

1. is obscene to minors, libelous, or pervasively indecent or vulgar;
2. advertises any product or service not permitted to minors by law;
3. intends to be insulting or harassing;
4. intends to incite fighting; or
5. presents a clear and present likelihood that, either because of its content or manner of distribution or display, it will cause or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

B. Material may not be displayed or distributed during class periods, or between classes. Permission may be granted for display or distribution during lunch periods, and/or before or after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who are unsure whether materials they wish to display meet school guidelines must present them to the Principal twenty-four (24) hours prior to display.

SECTION V - TRANSPORTATION

Bus Transportation to School

The School provides transportation for all K-12 students. The transportation schedule and routes are available by contacting the transportation department at (440) 992-1221.

Students may only ride assigned buses and must board and depart from the bus at assigned bus stops. Students will not be permitted to ride unassigned buses for any reason other than an emergency, except as approved by the Principal.

The Principal may approve a change in a student's regular assigned bus stop to address a special need. Parents/Guardians should send a note to the Principal stating the reason for the request and the duration of the requested change.

Bus Conduct

Students who are riding to and from school on District-provided transportation must follow all basic safety rules. This applies to school-owned buses as well as any contracted transportation.

The driver may assign seating or direct students in any reasonable manner to maintain transportation safety.

Students must comply with the following basic safety rules:

Prior to loading (on the road and at school)

Each student shall:

- A. be on time at the designated loading zone;
- B. stay off the road at all times while walking to and waiting for school transportation;
- C. line up single file off the roadway to enter;
- D. wait until the school transportation is completely stopped before moving forward to enter;
- E. refrain from crossing a highway until the driver signals it is safe to cross;
- F. properly board and depart the vehicle;
- G. go immediately to a seat and be seated.

It is the parents'/guardians' responsibility to inform the bus driver when their child will not be aboard school transportation. Drivers will not wait for students who are not at their designated stops on time.

During the trip

Each student shall:

- A. remain seated while the school transportation is in motion;
- B. keep head, hands, arms, and legs inside the school transportation at all times;
- C. not push, shove or engage in scuffling;
- D. not litter in the school vehicle or throw anything in, into, or from the vehicle;
- E. keep books, packages, coats, and all other objects out of the aisle;
- F. be courteous to the driver and other riders;
- G. not eat or play games, cards, etc.;
- H. not use nuisance devices (e.g., laser pointers) on the bus in a way that disrupts the safe transportation of students and/or endangers students or employees;
- I. not tamper with the school vehicle or any of its equipment (including, but not limited to emergency and/or safety equipment).

Exiting the school vehicle

Each student shall:

- A. remain seated until the vehicle has stopped;
- B. cross the road, when necessary, at least 10 feet in front of the vehicle, but only after the driver signals that it is safe;
- C. be alert to a possible danger signal from the driver.

The driver will not discharge students at places other than their regular stop at home or at school unless s/he has proper authorization from school officials.

Videotapes on School Buses

The Board of Education has installed video cameras on school buses to monitor student behavior.

If a student misbehaves on a bus and his/her actions are recorded on a videotape, the tape will be submitted to the Principal and may be used as evidence of misbehavior.

Penalties for Infractions

A student who misbehaves on the bus shall be disciplined in accordance with the Student Discipline Code and may lose the privilege of riding on the bus.

Transportation of Students by Private Vehicle

When transportation by District vehicle is either not available or feasible, there may be a need to provide transportation for students by private vehicle. However, no students will be permitted to ride in a private vehicle unless consent is provided by each student's parent/guardian using Form 8660 F2 – Parent/Guardian Consent for Transportation by Private Vehicle or verbal consent via telephone or electronic communication. Upon request, parents/guardians of participating students will be given the name of the driver, the owner of the vehicle, and the description of the vehicle.

Self-Transportation to School

Driving to school is a privilege that can be revoked at any time. Students who are provided the opportunity to ride school transportation are encouraged to do so. Students and their parents/guardians assume full responsibility and liability for any transportation to and from school not officially provided by the School.

The following rules shall apply:

- A. Students under age 18 must have written parent/guardian permission prior to driving to school.
- B. Students and their parents/guardians shall complete the Student Vehicle Form 5515 F1 – Application to Drive Vehicles On School Property and provide evidence of:
 1. driver's license;
 2. insurance certificate;
 3. vehicle registration.
- C. Students are required to obey the parking lot speed limit of 5 mph.
- D. When the School provides transportation, students shall not drive to school-sponsored activities, unless the student's parents/guardians provide written authorization for the student to drive and release the Board from liability using Form 5515 F2 Parent Authorization and Release From Liability Form – which is approved by the Principal.
- E. An approved student driver may not transport other students to a school sponsored activity unless the parents/guardians of the approved student driver and the parents/guardians of the student(s) to be transported in the approved student driver's vehicle provide written authorization for the student to drive or to be transported and release the Board from liability using Form 5515 F2 – Parent/Guardian Authorization and Release From Liability Form - which is approved by the Principal.
- F. All vehicles entering school property are subject to search and inspection.

Use of Motorized Utility Vehicles

The Board of Education regards the use of motor vehicles for travel to and from school by students as an assumption of responsibility on the part of those students -- a responsibility in the care of property, in the observation of safety rules, and in the display of courtesy and consideration toward others – and an assumption of liability on the part of those students and their parent/guardian(s).

The Board shall not be responsible for motor vehicles which are lost, stolen, or damaged while on school property.
