

# Menus for January 2019

Eastfield Pre-K, Head Start & Wee Titan Breakfast Menu

## Families Making the Connection

*Healthier Students, Healthier Schools, Healthier Communities*

In healthy schools, kids are more alert and focused on learning and miss less school. They not only learn better but also learn life-long healthy behaviors. Healthier schools lead to healthier students and healthier communities. The N.C. State Board of Education has demonstrated their commitment to student health and academic achievement by passing the *Healthy Active Children Policy* and the *Whole School, Whole Community, Whole Child Resolution*. Also, each school district has passed a local wellness policy. Families can take steps to support student wellness in school, at home and in the community:

- Learn about your local wellness policy.
- Find out if your School Health Advisory Council (SHAC) includes representation from education, health and the community, including students and families.
- Volunteer for your school or district level wellness committee.
- Offer whole grains, fruit, vegetables, lowfat dairy wherever food is sold or shared.
- Use healthy non-food fundraisers, like a walk or dance-a-thon instead of dessert sales.
- Utilize non-food rewards.
- Eat and promote school meals.
- Help students be active at least 60 min/day.
- Role model eating healthy and being active.
- Promote and support a healthy lifestyle.
