

## School Director Recognition Month January 2019

A quality public education is a key that can open doors of opportunity for many students. Providing that education takes a team of committed people from educators and staff to parents and administrators. The nine members of the Jeannette City School District School Board are an important part of this team, making informed decisions that direct the course of our public schools. Every January, we take time to celebrate and recognize the challenging and vital work they do on behalf of our students, families and community. Our school directors volunteer their time each month to board work, which includes adopting policy, voting on budgets, approving curriculum changes, choosing textbooks and reviewing hiring decisions to name a few. They take time to learn about the issues affecting public education and to seek innovative solutions. As unpaid, locally elected officials, our school directors are invested in their communities. They are our neighbors, friends, local leaders, parents and engaged senior citizens. During this month of recognition, please take a moment and show your gratitude for our school directors' time, dedication and effort year-round. The job they do is necessary to ensure our schools remain a pathway to a promising future. Thank them for advocating on behalf of our collective interest, and most importantly, for making the success of our children their priority.

Thank you to our School Board Members,
