

PPLC February 12, 2019

Mrs. Altamirano  
Mr. Ochoa  
Mrs. Sullivan  
Ms. Breslin

Maria Ruiz's older brother passed away. A moment of silence to remember Maria and her family.

Mr. Ochoa is now teaching TOK for juniors now that Mr. Krzysztofiak is Curriculum and Instruction.

22 AP literature seniors and

45 AP language juniors

Came in on Saturday with Ms. Moten and Mr. Ochoa for an AP practice test

Mr. Ochoa brought them breakfast

The students appreciated the food

Arrived at 8:30 and started the test at 9.

Mr. Ochoa and Ms. Moten both thought this was beneficial to the students to take a practice test. They plan on doing it again.

They are revamping AP classes. All classes are having new trainings for teachers to roll out the new class curriculums. There is a new AP seminar class a Capstone class; juniors and seniors they get to choose their topic of research. Ms. Snyder is being trained for this class.

There are new electives being considered for next year's juniors and seniors. Teachers submitted ideas for classes. There will be an assembly for the students introducing the class and the teacher who will be teaching.

Vaping is a huge problem right now everywhere. The vapes are confiscated every day at the metal detectors. Right now there is a policy being developed for students caught with these. First time is an in-school suspension second offense is referral to the SMART program.

There will be a newsletter sent home along with a lesson in seminar class about the dangers of vaping. There will also be a morning and evening meeting for parents concerning this issue.
