

SAFETY COMMITTEE MEETING MINUTES

February 15, 2018

3:05 PM

Attendance: Robert Miller, Amy Niewinski, Karen Myers, Lori Stover, Erik Confer, Krissy Derugen

Minutes: Minutes from the January 18, 2018, meeting were approved. Motion to approve the minutes was made by Karen Myers and seconded by Eric Confer.

New Business:

High School Renovations & Construction project update: The contractors are taking over the Auditorium on February 21st. A temporary wall will be put in place from the Mrs. Ripka's Art room to the stairwell that leads to the auditorium. The Band room is being turned over to Lobar this week, and band class will now be held in the Small Gym. Any activities normally scheduled for the small gym will need to be moved to PVEI. The contractors send us their Safety Meeting minutes, and no accidents or injuries were reported by the tradesmen.

Annual Workplace Safety Committee Training needs to be updated before the May HandS report can be submitted. Amy will get in touch with the Eastern Alliance to set up a training to coincide with our regular monthly meeting on Thursday, April 19th at 3pm. Members should invite new people to become part of our committee, so that they can be trained at the same time. It was recommended that we ask.

The committee discussed the tragic school shooting in Parkland, Florida. An email was sent out today regarding the new School Guard program that our District will be using. It is an app that alerts on and off-duty police that an emergency response is needed at a school. This may reduce incident response times.

Old Business: Nothing to report

Work Place Safety Concerns: During the PVEI K-4 Valentine's Dance a parent reported there was water on the floor in front of the water fountain and suggested a mat be placed under the fountain. We will follow up with Mrs. Yoder. Students should be monitored to make sure they are not getting water on the floor.

Accident Review: None

Meeting Adjournment: Motion to adjourn by Erik Confer seconded by Lori Stover

Next Meeting – Thursday, March 15, 2018 at 3:05 PM
