School Board  
Meeting @  
Jones Educational  
Complex

## New Pre-K wing set to be ready for the 2019-2020 school year

COCISD's new Pre-K wing will be ready and fully operational for the 2019-2020 school year.

Enrollment in the Pre-K program has grown by leaps and bounds, and the facilities were in desperate need of expansion. The new, approximately 8,000 square-foot wing, was one of the top priorities of the 2017 Bond Issue.

The wing will include four large classrooms, each with its own bathroom and water fountain. It will also be the new location of the COCISD Health Services Department, with clinic facilities for both the James Street Elementary

and the Coldspring Intermediate campuses.

Connected by a hallway to the shared JSE/CIS cafeteria, the new wing is located on the west side of the CIS campus at the new elementary bus loop, which will also be operational for the 2019-2020 school year.

The new wing will house four Pre-K classrooms, each with its own restroom and water fountain, as well as offices/clinic for Health Services.

## COHS business student heads to FBLA National competition

Coldspring-Oakhurst High School senior Robert "Matt" Johnson won first place in "Sales Presentation" at the Future Business Leaders of America (FBLA) State Competition, March 7-9, in Houston. He will advance to the national

competition in the same category this summer in San Antonio. Johnson thanks the COHS faculty and staff for their support, and the COCISD school board for allowing him to give his award-winning presentation at the February meeting.

Creating  
Opportunities

**The vision of COCISD is Creating Opportunities for All!**

## Did you know?

- The COCISD Child Nutrition Department serves approximately 352,561 meals during the course of a school year, which includes 137,750 breakfasts and 214,811 lunches.
- 21 Coldspring-Oakhurst High School students have already earned their AWS D9.1 welding certificates this year, and two health science students have already passed the Certified Nurse Aid (CNA) certification exam. This is just the beginning of our CTE expansion, with new certification opportunities for students continuing to grow over the next few years.

## Chinese Acrobats inspire and amaze our elementary students

James Street Elementary and Coldspring Intermediate students were welcomed back after Spring Break with an amazing performance by an acrobatics troupe from China. Students learned that the performers must audition to be acrobats at the age of five years-old in China, and if they make the cut they practice six days a week.
