Cover	General	<p>These instructions are provided to help charter schools prepare the expenditure budget. Within the forms, blue font and light blue highlights indicate that an instruction is linked to that specific line. An instructions button has also been provided that links to any general instructions or to the first instruction for a page. The forms have been set to print without "objects" so that the instructions buttons do not print.</p> <p>The cells in the prior year columns on the budget forms contain formulas that will bring forward budget amounts from the FY 2017 budget forms. However, the cells have not been protected so users may also enter the information manually. To bring forward amounts automatically, the most recently revised FY 2017 budget must be saved as budget17.xls in the C:\CSFORMS folder. If the file is not named budget17.xls, the formulas will not function properly. Excel will ask the user to update information when the budget18.xls file is opened. Users should review amounts reported in the prior year column to ensure they agree to the school's most recently revised FY 2017 budget.</p>
Cover	CTDS Number	<p>This cell will only accept entries of 9 digits. Do not include any slashes, dashes, etc. Enter the school's CTD number plus 3 zeros.</p>
Cover	Version	<p>The version of the budget being submitted on the cover page is formatted with a drop down menu. Select the appropriate choice from the menu: Proposed, Adopted, or Revised (including the revision number). Only choices in the menu may be entered in the cell.</p> <p>All information on the cover page must be completed/updated when the proposed, adopted, or revised budget is printed out for the Governing Board to sign. All information, excluding the Revenue information, must also be updated when the budget is revised.</p>
Cover	Estimated Revenues	<p>Estimated revenues by source for FY 2018 should be based on the best information available at the time the budget is prepared. Estimated revenues may be more or less than estimated expenses.</p>

Cover	Additional Teacher Salary Increase	<p>The members of a school governing board must conduct a separate vote regarding the allocation of monies that it receives pursuant to Laws 2017, Ch. 305, §33, pertaining to the intended 1.06% teacher salary increase. To revise the budget for this calculation, schools must again comply with the notice and separate vote requirements. Please refer to the Submission and Publication Requirements document issued with these budget forms for additional information.</p>

2	Federal and State Projects	Separate accountability is required for each federal and state project. Therefore, charter schools should estimate the expenses for each federal or state project in which the school participates. The totals on line 32 should agree with the total columns for federal and state projects on line 37 of page 1. Monies received must be allocated directly to enhance, expand or replicate the school site that generated the results-based funding and should not supplant monies budgeted or received from any other source that are generally provided to that school. The majority of the monies received must be used for teacher salaries, to hire teachers and to provide for teacher professional development. A portion of the monies received may be used for the expansion and replication of that school site as a quality school model. The monies must be used to sustain and replicate results, to serve more students on a waiting list at a school with a letter grade designation of A or B and to increase salaries for teachers, other classroom staff and school leaders closing the achievement gap in high-poverty schools.

Schools must report on their budget the amount of state equalization assistance that will be expended for their food service program during the 2018 school year. This amount will be used to determine school compliance with state matching requirements pursuant to CFR Title 7, §210.17(a). ADE's Health and Nutrition Services will verify the amount reported on the budget was reported as spent when schools' annual financial reports are submitted. The salary increase must supplement and not supplant any salary increase that the school would have provided to the teacher for FY 2018, prior to this allocation.  Budget Revision After the FY 2017 AFR is completed and no later than November 1, 2017, schools may revise the calculation on Budget, Page 2 and Work Sheet C to reflect changes in eligible teacher counts and salaries reported including final FY 2017 teacher salaries for eligible teachers as reported in the FY 2017 AFR.  If the budget calculation is not revised, ADE will use the calculation on the adopted budget to determine the amounts to allocate to each district and charter school by December 1, 2017. Documentation for all amounts used in the calculation should be retained for audit purposes and any audit findings related to the calculation could result in an adjustment to the funding provided for the teacher salary increase.

This number is a count of all eligible teachers, it is not an FTE. Do not include purchased services personnel or substitute teachers. This should be limited to employees whose salary is appropriately coded in Function 1000—Instruction. Schools should maintain adequate documentation to support that each teacher included met the eligibility requirements.
2	Additional Teacher Salary Increases, Line 2	Schools should include the same eligible teachers as described above, as an FTE.
2	Additional Teacher Salary Increases, Line 3	Schools should include the FY 2018 salary amount, including base salaries, Classroom Site Project Performance Pay, overtime, and additional compensation, of all teachers included in the eligible teacher count on line 1, <b>before</b> the intended 1.06% salary increase that are appropriately coded in Function 1000—Instruction. This includes teachers that were employed at a different Arizona school district or charter school in FY 2017. Schools should maintain adequate documentation to support the prior year salary amounts included for each eligible teacher, including those that taught at a different Arizona school or district. This salary amount should be consistent with the amounts reported in the AFR, Page 7, Teacher Salaries table for eligible teachers.
2	Additional Teacher Salary Increases, Line 6	Schools will receive the amount of funding needed to pay the employer share of increases in employee-related expenses for the Arizona State Retirement System (ASRS) or other employee retirement systems. Schools should calculate the retirement expenses for ASRS eligible employees using the current years' ASRS contribution rate of 11.5%. Schools that employ eligible teachers in positions that require the school to make an alternative contribution to ASRS should include the cost of that retirement contribution at a rate of 9.36% related to the salary increase for those employees. Schools that employ eligible teachers that participate in other retirement systems should include the actual retirement contribution costs not to exceed the ASRS contribution rate related to the salary increase.
