New School | New Logo | New Website
We are excited to announce our new brand/logo for Reading Schools. With the move to a new school on one campus, it was the ideal time to come up with a new modern brand that works for all grade levels. We now have a primary logo and several approved logos and elements to reflect our new brand.

The district worked with BSN to develop our new brand. BSN is a large distributor of team sports apparel and equipment with experience in creating logos for school districts nationwide. BSN offered Reading these design services for free and will sell spirit wear items via an online store with our new logos.

In July, Reading Schools will launch a new website that will be easier to navigate with a new modern look and updated features.
