

WHAT'S YOUR VISION FOR WYOMING?

Help Us Shape the City's Future!

*The City of Wyoming just kicked-off **Wyoming [re]Imagined**, a new Master Plan that will be used to guide growth and development in the community for the next 10 to 20 years. Through the planning process, strategies will be created to help City leaders in making substantive and thoughtful planning decisions for the community.*

Come Join Us!

The City is hosting a workshop for the community to introduce the planning process and gain insight about local concerns that must be addressed by the Master Plan. We need your feedback to identify important issues, opportunities, and specific projects you would like to see undertaken. Join us at the workshop and let us know what you're thinking about Wyoming!

Have a Question? Contact Us!
