California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

Hardy Brown College Prep is a charter school located within the district boundaries of San Bernardino City Unified School District (SBCUSD) that is also a part of the Fortune School charter network. Currently serving grades K-8, Fortune's model is to expand a grade level a year with its students up to grade 12. Hardy Brown

College Prep is authorized to operate through the year 2018, at which time it will be up for charter renewal. Authorized by the San Bernardino City Unified School Board, the school was established to address the severe and persistent African American achievement gap in the region. The school is open to all students and offers a college preparatory education to students according to an educational model called the Five Pillars.

Five Pillars

These basic principles form the five pillars, responsible for the success of Fortune School.

High Expectations

Fortune School has high expectations for academic achievement and conduct that are clearly defined, measurable, and make no excuses based on the background of students. Students, parents, teachers, and staff create and reinforce a culture of achievement and support, through a range of formal and informal rewards and consequences for academic performance and behavior.

Choice and Commitment

Students, their parents, and the staff of Fortune School choose to participate in the program. No one is assigned or forced to attend. Everyone must make and uphold a commitment to the school and to each other to put in the time and effort required to achieve success.

More Time

Fortune School knows that there are no shortcuts when it comes to success in academics and life. With an extended school day, week, and year, students have more time in the classroom to acquire the academic knowledge and skills that prepare them for competitive colleges, as well as more opportunities to engage in diverse extracurricular experiences.

Focus on Results

Fortune School focuses relentlessly on high student performance through standardized tests and other objective measures. Just as there are no shortcuts, there are not exceptions. Students are expected to achieve a level of academic performance that will enable them to succeed in the nation's best colleges and the world beyond.

Citizenship

Fortune School trains all students to become leaders and all our staff shall model leadership qualities. Principals are given independent control of staffing and budget decisions. In addition to principals, staff members who demonstrate necessary leadership potential are given responsibilities extending beyond a single classroom. Most importantly, students are given leadership development training and opportunities to practice leadership skills on a daily basis both inside and outside the classroom.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Students Receiving Migrant Education Services				
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2017-18)

Due to overwhelming evidence, Fortune School believes it is paramount to include parents in the learning process. Upon enrollment, Fortune School parents sign a Commitment to Excellence Contract encouraging them to provide 40 hours of completely voluntary service each year to improve the achievement of their child and the Fortune School community. Fortune School also provides structures to involve parents in their child's learning and coordinate parent communication, workshops, activities, and clubs, to educate, train, and empower parents to better support their child's pursuit of an excellent education.

There is no consequence to families if they fail to complete the completely voluntary parent service hours. Parent volunteerism is, however, an important part of Fortune School's approach to closing the achievement gap and we stand behind it as a part of our culture that calls for parents to accept responsibility for the education of their children.

Parent Involvement Opportunities offered throughout the year include but not limited to:

- Parent Academy
- Parent Convention
- Muffins for Moms – monthly parent meeting
- Doughnuts for Dads – monthly parent meeting
- LCAP Stakeholder Meetings
- School Site Council
- Volunteer in a classroom
