

STUDENT PARKING AND DRIVING REGULATIONS

1. Students parking on campus must register their vehicles with the Director of Security.

A. To be eligible for a permit a student must be a Junior or Senior and have a valid drivers license, proof of insurance (downloaded) and verification of vehicle registration.

B. Only one parking pass per vehicle.

C. Students are expected to know and obey the parking regulations.

D. **PARKING PERMITS ARE NON-TRANSFERABLE.** (If a student gets a new vehicle it must be registered with the Director of Security.)

E. Payment of \$60.00

2..Reserved Parking Spaces

A. Parking will be assigned to up to two vehicles from the same family or student which are the only vehicles allowed to park in that parking space, no sharing with other students.

B If you are carpooling then all vehicles must be registered to that space and only one can be driven to school and use the spot. Others who choose to drive will have to park on the street.

C. Parking space must be used. If a spot goes unused for two weeks at a time, it may be reassigned to a new vehicle, unless arrangements are made for unforeseen circumstances.

3. Enforcement

A. Since spaces are assigned, unauthorized vehicles parked in assigned spaces must be moved immediately. Director of Security will attempt to notify the owner of the vehicle but, if that fails, the vehicle may be towed so that the authorized vehicle may use the assigned spot. Offenders pay the cost of towing.

B. If the unauthorized vehicle is a student vehicle, that student will receive disciplinary consequences. Students who park in staff/faculty spots should expect a Saturday JUG.

C. Students who find their spot taken should inform Campus Security and ask for directions where to park.

4. Parking regulations:

- A. Reckless driving and/or speeding (more than 10mph) is not tolerated. Driving violations result in disciplinary consequences and possible revocation of parking privileges and/or suspension. If, after the first offense is repeated, penalties will increase in severity.**
- B. A parking permit is necessary for a student to park on campus during school hours 6:00 AM to 3:00 PM. The Gonzaga Prep parking permit must be displayed on the vehicles front, top portion of the windshield and be clearly visible from the front of the vehicle. If the permit is not visible, a Parking Lot JUG will be issued.**
- C. Vehicles illegally parked or without a proper Gonzaga Prep permit will earn a Parking Lot JUG. On the third offense, a Saturday JUG may be assigned and the permit of the student will be revoked for a period of not less than a month. Any future parking or permit violations will result in the permanent loss of parking privileges.**
- D. A student who parks on campus while his or her permit is revoked will be subject to Saturday JUG and the permanent loss of parking privileges.**
- E. Any underclassman who parks on campus without a permit during the school day is subject to a Saturday JUG, restriction or loss of future parking privileges and possible towing.**

- G. Phone calls from reliable sources complaining about student driving in parking lots and the streets adjacent to the parking lots and school will be directed to the Director of Security. At each call, the parent of the student will be notified, and based on the nature of the offense or the frequency of complaints about the same student or his or her vehicle; an appropriate penalty will be assigned.**
- H. In order to protect students and their possessions, there is to be no loitering in the parking lots before, during and/or after school.**
- I. Parking is prohibited next to red or yellow painted fire lanes and no parking lane or entrance to athletic fields. Allowances can be made by the Director of Security for weather-related blockage or construction on a daily basis only.**

At its discretion, at any time, the school may tow any vehicle that impairs public safety, is parked in a non-parking area, or whose driver has refused to follow school policies regarding parking and/or driving. Cost of the vehicle retrieval will be the full responsibility of the vehicle's owner.**
