School Accountability Report Card Reported Using Data from the 2018—19 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Meghan Muyanja, Assistant Headmaster

Principal, John Adams Academy - El Dorado Hills

About Our School

I am very honored to be the Assistant Headmaster for John Adams Academy – El Dorado Hills. The opening of our institution marks the beginning of a classical servant leadership education for El Dorado Hills and the surrounding communities, ensuring that another high-quality academic option exists in our area. The study of classic literature and primary sources ensures that the valuable lessons of history are never lost on the next generation of leaders. More importantly, the formation of character and virtue are forged through the application of principle-centered action. When we pattern our lives after those who have sacrificed for others, we become vanguards of freedom and servants to liberty. As I watch our new institution begin to thrive, I see that spirit of servant leadership growing in our families, scholars, and staff each day. It is my hope that we will see the dividends of this growth continue for generations. Our mission of developing servant leaders is a noble one and one that will only continue with the gracious assistance of the community at large. Whether, you are a parent, community member, or businessperson, I invite you to come to experience the incredible things happening at the Academy. I am sure that you will agree, that we are restoring America's heritage every day.

Yours in service, Meghan Muyanja-Assistant Headmaster

School Description and Mission Statement (School Year 2019—20)

Vision & Mission: John Adams Academy is restoring America's heritage by developing servant-leaders who are keepers and defenders of the principles of freedom for which our Founding Fathers pledged their lives, fortunes, and sacred honor.

Core Values:

- Appreciation of our national heritage
- Public and private virtue
- Emphasis on mentors and classics
- Scholar-empowered learning
- Fostering creativity and entrepreneurial spirit
- High standards of academic excellence
- Modeling what we teach
- Abundance mentality
- Building a culture of greatness
- Self-governance, personal responsibility, and accountability

John Adams Academy is preparing future leaders and statesmen through principle-based education. By combining classical education with servant leadership training and core values, John Adams Academy develops scholars who are leaders in their homes, communities, and country. Through classics, mentoring, and modeling, scholars are inspired to prepare for their unique mission and will naturally hunger for oncoming responsibilities and future contributions in society.

The education of tomorrow's leaders determines the level of freedom and prosperity of the next generation. Leaders select the goals of a nation and the means of achieving those goals. Leadership Education trains thinkers, leaders, inventors, citizens, entrepreneurs, and statesmen. It educates individuals "how to think" and teaches them why it is important. Robert Hutchins said this type of education is "the education of free men in the knowledge and skills that are needed to remain free." Classically educated leaders are prepared to motivate and inspire individuals, communities, and nations to a greater good in an environment of freedom and prosperity that naturally produces the best society has to offer. This awakening is achieved through enduring principles of success. It is not to educate effectively but greatly through the internalization of principles exemplified in the lives of great individuals that accomplished great things.

Leadership Education presupposes that each individual is born with a unique and individual mission to fulfill. Leadership Education consists of discovering, preparing for and fulfilling this mission. It is not the role of Leadership Education to fill scholars with a pre-determined set of facts, beliefs, or processes, but to inspire them to discover their own potential and unique abilities that only he or she has to contribute to society. Our Founding Fathers and the great leaders of history received a Leadership Education. In the twenty-first century, it falls to us to choose what kind of leaders we will produce. The liberty, prosperity, and stability of our nation and even future civilizations are dependent upon the leaders of tomorrow getting a Leadership Education today. These principles and the wisdom of history are still available to all who are willing to pay the price to educate, work and implement the timeless principles of a Classical Leadership Education to make a difference in the world.

"All men, who have turned out worth anything, have had the chief hand in their own education." - Sir Walter Scott

School Facility Conditions and Planned Improvements

Upon entering John Adams Academy, one finds an external environment that denotes the value of education and an institution that embraces formality, civility and the highest ideals of academic excellence. The leadership and facility staff seek to be intentional in applying a detailed, practical and effective approach to all facilities tasks in support of the overall mission. From décor to maintenance, every personal interaction with the environment points to an institution aspiring to build a culture of greatness.

In September 2018, John Adams Academy - El Dorado Hills, opened the permanent facility in the business park in El Dorado Hills. This newly renovated facility has enough space to sustain a growing program for many years to come, including a multi-purpose gym and performing arts center, which hosts athletic events, musical and theatrical performances and weekly scholar assemblies. An elementary playground was added, with safety fencing for protection of scholars. An outdoor garden area has also been completed and is being used year round by our staff and scholars.

The campus is ADA compliant and was built specifically for academic use. The project underwent a strict permitting and inspection process ensuring that all applicable laws and regulations have been followed. Under the Direction of the Executive Director, the Director of Facilities and Facilities Manager, all staff members ensure that the Academy is maintained and kept in good repair. A work order process is in place to repair items based on priority. A comprehensive cleaning schedule is followed and the team works together to implement capital improvements. Copies of schedules and documents are available upon request.

Future additions to the site include an expanded field and playground area, additional perimeter fencing and outdoor shade structures.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students
Grades Three through Eight and Grade Eleven
Percentage of Students Meeting or Exceeding the State Standard**

Subject	School 2017–18	School 2018–19	District 2017–18	District 2018–19	State 2017–18	State 2018–19
English Language Arts / Literacy (grades 3-8 and 11)	70.0%	67.0%	51.0%	52.0%	50.0%	50.0%
Mathematics (grades 3-8 and 11)	54.0%	49.0%	33.0%	35.0%	38.0%	39.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019—20)

John Adams Academy is a servant leadership institution and the most visible sign of servant leadership is parent involvement. Through the actions of each John Adams Academy family being actively involved, many of the core principles of the Academy are modeled and reinforced within the scholar. As we partner in the education of our children, parents demonstrate their role as the primary and fundamental teachers by exemplifying public and private virtue. This pattern fosters creativity in identifying ways to serve, models what we teach, and helps to create abundance within the John Adams Academy community. It is only through the active participation of all of our families, dedicated to these core values that we are able to build a culture of greatness. While parents are not required to participate in the Academy, it is highly encouraged. Parents are provided an extensive amount of opportunities to be involved and engaged in their scholar's education and academic outcomes. Parents are an integral stakeholder in the performance and success of academic programs in their children's school. As such, parents are given opportunities throughout the year to provide insight, feedback, and recommendations on Academy programming and school-wide plans. An academy-wide communication tool is used to connect administrators, parents, and teachers along with a grading portal that allows parents real-time access to monitor their scholar's progress. Parents and scholars have access to their teachers through various forms of communication including but not limited to Parent Square, Google Classroom, email, phone calls & conferences. Parents have opportunities to volunteer in class, help with after-school activities, and serve as mentors.

Parent Service Organization:

The Parent Service Organization (PSO), is a fundamental driver of a parent's experience at the Academy. Parent teams support classroom teachers, are involved in the day to day operations that include traffic docents, fundraising, and hospitality. Parents play a significant role in creating the uniqueness of our community. The PSO's primary objective focuses on our Academy's 7th Core Value: Modeling what we Teach. As they strive to develop servant leaders, they set an example for our children through the offering of meaningful service, thereby putting into practice the very values we uphold, strengthening bonds between scholars, teachers, and families.

Objectives of the PSO are:

- To provide supplemental supplies, programs, and activities for the benefit and use of scholars and staff.
- To assist and encourage service opportunities, promoting student leadership and strengthening bonds between families, staff and community members. To implement a form of communication between teachers, parents and the administration of John Adams Academy.

School Safety Plan (School Year 2019—20)

John Adams Academy is committed to providing the safest environment possible for all stakeholders. The Academy complies with all laws and regulations relating to hazardous conditions. The Academy Safety Plan is updated annually (last update: 2/2019) and includes a disaster preparedness plan that outlines team responses and resources for a multitude of safety scenarios. John Adams Academy uses a Safety Response Protocol (SRP) that guides evacuation and shelter in place procedures, which are drilled and rehearsed regularly. As part of this protocol, an academy-wide communication tool is used to advise, apprise and alert staff and parents of any concerns. There is a campus-wide intercom system and staff utilize two-way radios to communicate.

The Academy Safety Plan addresses safety protocols that include but are not limited to, the dispensing and storage of medication, allergies, material safety data sheets (MSDS), infectious disease controls, etc. Faculty and staff are formally trained in the use of Epi-Pens in case of a severe allergic reaction. All faculty and staff are certified in first aid and CPR. Additional training is offered for procedures related to specific conditions as needs arise. John Adams Academy employs a nurse and health technicians to serve its scholars. Individualized health and safety plans are developed and updated regularly for scholars who have special medical needs. Copies of these health plans are kept in the health office and are accessible to all staff when needed. Electronic copies are also distributed to teachers and administration. When working with scholars, the staff is notified of health plans as needed.

Scholars are monitored and supervised before, during and after school by campus staff. All visitors must sign in and have a visitor badge visible at all times. Exterior doors are locked and access to the buildings is funneled through the main office. The campus safety staff provide an ongoing presence while monitoring the campus. Volunteer parents, staff, and administration monitor the parking lot and campus during pick-up and drop off times.

The Academy environment is one that promotes respect and care for all individuals. The Academy's classical servant leadership education is a proactive, formative approach to the building of character and virtue. This comprehensive positive behavior framework is the basis of our whole child approach to learning that includes both academic and social-emotional learning, resulting in a healthier school climate and safer campus.

At John Adams Academy, we believe that all scholars can achieve and we are committed to engaging scholars at all levels of learning. Through strong first instruction, with curriculum aligned to CCSS, the Academy provides instruction in core academic skills with a focus on classical education. In the classroom, teachers implement multiple instructional strategies and methods including small groups, guided instruction, modeling, questioning, Socratic discussion, independent and supported practice and one-on-one academic conferences to meet the needs of all learners. A strong MTSS program provides responsive, targeted interventions provided by the classroom teacher, instructional aides and other support personnel. Designated intervention and support times allow for implementation of targeted intervention supports.

When additional supports are required, an SST process ensures partnership with the scholar, instructional team and parents.

Ongoing review of assessment and benchmark scores provides the data necessary to build support plans, and instructional teams. General Education Staff, Administration, Counseling, School Psychologist, Special Education Staff and Contracted Service Providers work in partnership to ensure the needs of all learners are met. Additional supports include implementation of in-class targeted instruction, core content instruction, EL instruction, iReady online lessons and practice, Lexia literacy software, small group intervention, instructional aide support, PBIS strategies, SST, MTSS, 504 plans, and Individual Education Plans.

English Learners are provided supports by CLAD certified classroom teachers and a designated EL specialist. John Adams Academy meets all applicable legal requirements for EL scholars including annual notification to parents, scholar identification, scholar placement, teacher qualifications and training, reclassification, program monitoring and standardized testing requirements.

John Adams Academy recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise be subjected to discrimination under any program of the Academy. Any student, who has an objectively identified disability, which substantially limits a major life activity including but not limited to learning, is eligible for accommodation. John Adams Academy shall be responsible for complete implementation of an Individual Education Plan, IEP.
