### School Description

Ophir Elementary School opened its doors in 1856 as a single school district. On July 1, 2008 Ophir Elementary School became the sixth school in the Loomis Union School District. Ophir Elementary currently serves approximately 230 students in kindergarten through eighth grade. In addition, Placer County Office of Education's Deaf and Hard of Hearing program is also located on the Ophir campus. Ophir Elementary School is a family and community oriented school that takes great pride in maintaining many of the Ophir community traditions dating back to the Gold Rush era.

Teachers, staff, parents and students work collaboratively to create a safe, nurturing and academically engaging school environment, which support the tenets of the Science, Technology, Engineering, Arts and Mathematics (S.T.E.A.M.) program. Through primary music, instrumental band, the choral music program, American Sign Language instruction (K-8), Art Docent programs, and enrichment opportunities in computer programming/robotics and the engineering design process (during and after school) students are actively involved within the school community of learners.

For the 2018-2019 school year, Ophir Elementary will focus on the continued student growth towards mastery of the California Common Core State Standards, as measured by the California Assessment of Student Performance and Progress (CAASPP) for English Language Arts and Mathematics. With an emphasis on professional development, the continued implementation of the Multi-Tiered System of Support (MTSS) and ongoing collaboration, data analysis, high quality core instructional practices, targeted student supports and progress monitoring, all students will receive a rigorous instructional program that meets their individual needs.

### School Mission:

As a staff, we are committed to providing and maintaining a highly rigorous and relevant curriculum through: the implementation of the California Common Core State Standards, the continued development of the Science, Technology, Engineering, Arts, and Math (S.T.E.A.M.) program, the implementation a Multi-Tiered System of Support which utilizes regular collaboration opportunities to allow for ongoing analysis of student assessment data to provide differentiated learning opportunities based upon individual student needs, and fostering a safe, happy and inclusive environment with an emphasis on the Ophir Core Values (creativity, achievement, responsibility and empathy). Ophir Elementary School, in partnership with its community, is committed to the school vision of empowering every student to become a life-long learner who develops their creative potential, their critical thinking and problem solving skills, and their collaboration and communication skills to become responsible citizens within the community.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

The school district held a public hearing on August 8, 2018 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

The table displays information collected in September, 2018 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Ophir Elementary School originally opened its doors to students in 1856. The current campus was constructed in 1927 and is comprised of 5 permanent classrooms, 4.5 portable classrooms, a library/media center, a staff/work room, a computer lab, and a playground. School facilities are all up-to-date, clean, safe, and provide adequate space for students and staff.

**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### Opportunities for Parental Involvement (School Year 2018-19)

Ophir Elementary School greatly benefits from its supportive parents who care about the traditions of Ophir and its student-centered environment. The school has a strong base of parent volunteers who support our students and staff. There are a multitude of opportunities for parents to be involved in the Ophir school community: serving on School Site Council (SSC), serving as volunteers in the classrooms, chaperones on field trips, and participating in the Parent Teacher Club (PTC). The SSC assists in the review, updating, monitoring and evaluation of the Comprehensive School Safety Plan and the Single School Plan for Student Achievement. The PTC helps to organize and facilitate school/community activities, raises money to support our school, and supports our school through encouraging parental involvement. The school also benefits from several community partnerships, including the Loomis Basin Education Foundation (LBEF), Loomis Lions, Loomis Rotary Club, Auburn Assistance League and Soroptimist International of Historic Auburn. If interested in participating in these opportunities, parents are encouraged to contact the main office at (530) 885-3495.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### School Safety Plan

The safety of students and staff is a primary concern at Ophir Elementary School. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The Comprehensive School Safety Plan is updated annually by the School Site Council, is reviewed on an annual basis by community members (through an open forum) and by staff at the start of the school year. The school's safety plan includes actions for ensuring student, staff and community members' safety during a disaster. Actions include procedures/processes in response to a variety of crises, the incident command system, evacuation and relocation destinations, staging areas, and recovery and aftermath. The Comprehensive School Safety Plan was last reviewed and updated on October 4, 2018.

Fire, lockdown, shelter in place, and earthquake drills are conducted on a regular basis throughout the school year.

#### Professional Development provided for Teachers

As part of the professional growth process, opportunities for training and staff development are provided at both the district and individual school sites to administrators, teachers, certificated and classified staff.

The District offered four staff development days during the 2016-2017 school year, five staff development days during the 2017-2018 school year, and has scheduled 3 staff development days for the 2018-2019 school year. These days provide staff members professional growth opportunities to expand staff knowledge in curriculum, technology, assessment and instructional strategies. In addition, after-school professional development opportunities are offered by the District throughout the year.

At the site level, Ophir Elementary offers teachers specific training in areas related to our schoolwide focus of Science, Technology, Engineering, Arts and Mathematics (S.T.E.A.M.) to enhance student learning. Specifically, trainings have been offered in the following areas: Google Apps For Education (GAPE)/G-Suite, STEAM, the engineering design process, and computer programming/robotics. Staff meetings and professional learning communities serve as platforms to continue support throughout implementation.

Topics are determined through district identified needs (based upon the 8 state priorities of the Local Control Accountability Plan), parent/student/staff survey results, staff feedback from previous professional development days, and site determined needs assessment data.

#### Types of Services Funded

Special Education, Title 1 (at risk student support), Instructional Aide Support (kindergarten through second grade), English Language Development (ELD) support, Music, Gifted and Talented Education enrichment activities

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
