

Pre-K Lesson Plan Week of March 23, 2020

<u>Math</u>	<u>Writer's Workshop</u>	<u>Module</u>	<u>Literacy</u>
<p>Exercise and learn the teen numbers with Mr. Jack Hartman.</p> <p>After the video, practice writing teen numbers in fun ways (shaving cream on table, sidewalk chalk, paint, finger paint, dip finger in water and write on paper)</p> <p style="text-align: center;">https://www.youtube.com/watch?v=aDPPHVG6TAE</p>	<p>Watch Mo Willems Lunch Doodles either live @ 1:00 or at the link below!</p> <p>Draw a three star picture about your favorite part of the story. Include the setting, characters, and 5 or more colors.</p> <p>Find a share chair in your house and share with 2 people once you are done with your picture. (You can even facetime/video chat with a grandparent or a friend to share!)</p> <p style="text-align: center;">https://www.kennedy-center.org/education/mo-willems/</p>	<p>Hook video to introduce new module to kids and get them excited about becoming "Creature Adventurers"</p> <p>After watching our video, go outside and become different creatures. Use your knowledge of these animals (and your imagination) to use their "creature power" to do activities.</p> <p>(For example: become a cheetah and use your super speed, become a frog and use your long tongue to catch flies to eat, become a spider and spin a web to catch your food, etc)</p>	<p>Read the books <i>Planting a Rainbow</i> and <i>It Could Still be a Flower</i> and complete the activities under day 2 (Video: What are Plants? Activity: Eat Plant Parts).</p> <p style="text-align: center;">https://classroommagazines.com/support/learnathome/grades-prek-k.html</p>
