Principal's Message

Returning Student Form

Returning Families: Tomorrow you will receive an email with a link to our Returning Student Form. It is important that you complete one form for each student in your household. This is the only way we know if your child will be here next year so that we can plan accordingly and place them in a class.

Thank you,
Catherine

For more information about Try-It Truck, I've included details below:

The Try It Truck is BADM's engineering-lab-on-wheels, and an exciting way to share our engaging STEM programming. Bring the Try It Truck to your school, library, or community organization to provide hands-on early engineering experiences to young learners. Try It Truck programming engages children in grades kindergarten through fifth grade with BADM's engineering design process of "[Think, Make, Try](#)," which they'll use to solve creative challenges and test out new ideas. Try It Truck programming also introduces students to high- and low-tech tools, and encourages them to take risks. Want more information? Visit their website [here](#).

San Car-less Day - Wednesday, April 10th!

Walking, scootering, and biking to school is a great way to improve our community, our environment and our bodies. In an effort to keep fewer cars on our roads and to encourage healthy habits, we celebrate San Car-LESS Days on the first Wednesday of every month. Please consider leaving enough time in your morning routine to walk, scooter, or bike to school with your child this week, or carpool if driving is required. Every child who participates earns a little "foot" token to wear on their backpack. Kids often express pride as their collection grows over the course of the year. Volunteers will be handing out the tokens to those kids who walk, scoot, bike or carpool to school. Please contact tawnya.elrod@gmail.com if you have a student group that wants to participate. Thanks to everyone for helping to improve our school community, our natural environment and our bodies!

Instrument Selection Appreciation

SCEF is proud to support the award-winning middle school music programs in our San Carlos middle schools. Thank you to Joe Murphy, Nick Garcia, Tabitha Tetreault, Colyn Fischer and local music teachers for introducing 4th graders to the variety of instruments available as they consider taking band or orchestra in 5th grade. Read about instrument selection day here:
