Formula for determining the School Performance Grade:

- 80 percent of the School Performance Grade is based on the school achievement score. The school achievement score is calculated using a composite method based on the points earned by a school on all of the tests measured for that school
- 20 percent of the School Performance Grade is based on academic growth
- If a school has met expected growth and inclusion of the school's growth score reduces the school's performance score and grade, a school may choose to use the school achievement score solely to calculate the performance score and grade

A+NG Schools: A+NG schools earned a score of 85-100 and do not have significant achievement or graduation gaps.

What does the achievement level number mean?

Students scoring at Levels 1 and 2 will likely need additional help next year to succeed in that subject area. Students scoring at Level 3 are considered proficient for that grade level or course, but may still need some targeted help in the next grade or course. Students scoring at Levels 4 and 5 are ready for the next grade or course, and are also on a path to be prepared for college or a career by the time they graduate.

The reading and math End-of-Grade tests are administered in grades 3-8. The science End-of-Grade tests are administered in grades 5 and 8 only.

Annual Participation Requirements: Schools are required to test at least 95 percent of their students on assessments administered for accountability. This requirement is for the all students group and for each student group. The minimum number of students needed in a group is 30.

Our school met 30 out of 33 targets.

For more information on participation requirements please go to www.ncpublicschools.org/accountability/reporting.

FINANCIAL SUPPORT

Source of Funds (Amount per Student, Child Nutrition Included): Charter schools in North Carolina operate with funding from local, state, and federal sources. The financial support reflected in these numbers includes all categories of expenses for operating a charter school, including teacher and administrator salaries, textbooks, transportation, Career and Technical Education courses and other education supplies and materials.

Use of Funds: Education is a labor-intensive enterprise, as reflected in the accompanying chart. Salaries for teachers and other staff are usually the largest expense in a charter school. State and federal funds are generally allotted for specific purposes, services, or programs.

Our School	55	63.6%
State	36	80.8%

State	0.58

Access to Technology: The Number of Students per Internet-Connected Digital Learning Device

On this measure, smaller numbers are better than larger ones; there are more computers available to students when the number of students per computer is low.

READ TO ACHIEVE

The Read to Achieve program is a part of the Excellent Public Schools Act which became law in July of 2012 and applies to all schools at the beginning of the 2013-2014 school year. The goal of the State is to ensure that every student reads at or above grade level by the end of third grade. Students who are proficient on the 3rd-grade EOG or qualify for a "good cause exemption" are promoted to Grade 4. Students who are not proficient may be retained in 3rd grade or placed in 4th grade with extra reading instruction and interventions.
