

Dear Home School Families,

The cold weather is here! Per our district protocol, students will go out to recess each day that the "feels like" temperature is 20 degrees or higher. The "feels like" temperature is the actual temperature and the wind chill factor combined. Typically, our students are outside for no longer than 15 minutes at a time.

Please assist your child in dressing appropriately for this weather by making sure they have a warm coat, gloves, and a hat or something to cover their ears. If you need assistance in finding any of these items, please do not hesitate to contact me.

Sincerely,

Principal Smith
