

Parent Educator Workshop Calendar

10:00-11:30

Portable 5 at Vista Oaks Charter School in Byron

(Please note our NEW location!)

We are excited to present our workshop calendar for the **2018-2019** school year!!

The topics have been chosen based on responses from our parent survey. Each workshop will be presented by a team consisting of one of our own teachers and a parent educator.

Since our parent educators are doing the important work of delivering daily instruction to our students, we want to offer support, training, and time for collaboration each month.

(We will provide coffee and treats, too!) 😊
