

Sanger Independent School District

601 Elm St., Sanger, Texas 76266

Friday, March 20, 2020 COVID-19 Update

Dear Sanger ISD Families,

I hope this communication finds you and your family doing well. I want to thank you all again for unwavering support of our district, our campuses and our teachers who are working extremely hard as we prepare for our next couple of weeks. As you are aware, Governor Abbott mandated the closing of all school districts in Texas until April 3 and UIL has suspended all extra-curricular activities until May 4th. Sanger ISD will continue to support you and our students regardless of how long our district is closed.

INSTRUCTION

Monday is a big day!!! It is like the first day of school again as we begin our “distance learning.” And as with any first day of school, we will not expect perfection. It is about building / rebuilding trust and relationships. First day jitters will be there for us and for all our families. Our goal is to ease into online education and find a routine in this new norm. By now, you should have heard from your child’s teacher in efforts to prepare you and your child for what to expect as we move forward. Everyone in this district is here for you and to support you in every way possible.

PHONES

Our campus offices, for the most part, will be closed, while we as a district continue to remain closed. While we do have an auto directory in place for voicemails, we encourage emails rather than phone calls at this time to ensure delivery. You can find email addresses for each staff member on our website / campus websites under Staff Directory.

MEALS

We started our meal program this week handing out over 400 meals to family members. Beginning Monday, March 23, we will be relocating our pick up location to our high school campus. The address for our high school is 100 Indian Lane, Sanger, TX 76266. We will continue with the “curbside” pick up service on the south side of the building. The hours for meal pick up will remain from 10:00 a.m. to noon. As a reminder, anyone under the age of 18 is eligible for a free meal.

Thank you for your continued support and understanding as this health emergency continues to evolve. Information is updated rapidly and we will continue to send out information as quickly as we can in the coming days.

Sincerely,

Dr. Hunter
