

COMMUNITY SCHOOLS OF FRANKFORT

Parent Nomination for High-Ability Services

The purpose of this document is to allow you to recommend your child for services that the school corporation offers to students with exceptionally high academic ability. Children are talented in many ways, all of which are not readily apparent through formal testing. Each year, the skills of students in the school corporation are evaluated, and while we have a lot of faith in those assessments, they do not always tell the complete story. Sometimes parents can add information and insights about exceptionally high academic ability in a child which has not been previously identified through traditional means.

If you think your child could handle the challenges of a program for students of exceptionally high ability, please answer the question below and send this form to Bret Rhea at the CSF Education and Administration Center. A team of professional educators will review a variety of information to determine if your child should be included in one of our differentiated programs for students with high academic ability for next year. If you make a request, you will be advised of a placement decision for next school year by mail at the end of the current school year. Thank you for your time.

Student's Name _____

School _____ Current Grade Level _____

Parent's Name _____

Address _____ Phone # _____

Please list one or more core academic subject areas in which your child exhibits exceptionally high ability.

You may use space on the back of this page to briefly respond to the following:

What have you observed in your child's behavior that leads you to believe your child has exceptionally high ability?

Please provide any other information relevant to your child's abilities or interests.
