**Essay of the "Big Picture" of the Catholic Faith**

Ever since the first moment of Creation, God has gradually revealed God's Self to all of His creation throughout Salvation History. We have come to know and develop a relationship with God through what has been passed on through Sacred Scripture and the Catholic Tradition.

*First*, design a timeline of Salvation History based on the various sections of what we studied in this course. *Secondly*, write as much as you can about each section of the timeline. Back each section up with Scripture. The purpose of the essay is to show that you understand "the big picture" as to how it all fits together in God's loving plan of Salvation. As always, the more detail, the better!
