Parents:

Last night, we were made aware of an inappropriate comment on social media. As a district we take these comments seriously. The Van Alstyne Police Department was notified immediately and investigated. At this time, the situation is resolved, and there is no threat to anyone at Van Alstyne ISD. We appreciate the students and parents who came forward and reported this incident so we could resolve this situation quickly. The safety of our students and staff is always our #1 priority!
