Amy Mikulin  
Kim Sodek  
Laura Weido

## Agenda

---

---

### Welcome

*Deborah Loessin*

---

---

Review 02/28/17 Meeting Minutes

*Deborah Loessin*

Consensus was that minutes accurately reflected the previous meeting.

---

---

Facilities Study and Safety update

Dr. Morris and Mr. Leopold gave an update on the facilities along with sharing the architect report which revealed structurally sound buildings, as a positive, but repairs and updating were still needed for maintenance and security. Mr. Leopold stated that monies have been set aside within the budget for these needs and future updating. CHS, CJHS, and CES facilities will all be adapted for security vestibules which will require a “buzz in” at the entrance. Each campus also has a list of facility repairs and updates to be completed this summer. Dr. Morris also talked about the ongoing need to teach staff and students security measures for a safer school.

*Dr. Morris*

---

---

Fitness Gram/PE update

Ms. Leopold reported that the Fitness Gram is completed for state submission and a report will be send home in report cards for parents. PE is now focused on Field Day, which is a fun filled event loved by students, staff, and parents, but requires much planning and work for success.

*Julie Leopold*

---

---

Nutrition Program – Food Service update

Ms. Woytek submitted a report that as of now there are no changes within the nutrition program but the nutrition summer conference is scheduled for July which could bring new updates. She also reported that she is preparing for the Meal Appeal University which CISD is hosting in June. The Meal Appeal University is a state funded program where directors and managers from the region come to learn from chefs. Some of the topics include food safety, knife skills, food preparation, recipes, and cafeteria procedures.

*Cheryl Woytek*

---

---

School Health Survey

Ms. Berger gave an overview of the School Health Survey which entailed a check on the areas of SHAC, PE/Recess requirements, health classes, etc. The district was found compliant with these requirements.

*Amber Berger*

---

---

Other Business

Meeting dates for next year were discussed with Wednesday being the

---

---

---

---

preferred day and the last meeting scheduled before May.  
Present committee members were asked about willingness to serve for  
the next school year and each gave a positive response.

---

---

Future Agenda Items

None were stated.
