

8th Grade Supply List 2019-20

In an attempt to keep school supply costs to a minimum, the core subjects (Language Arts, Math, Science and Social Studies) have made a list of basic supplies that will be needed by the eighth grade students. This should eliminate the need to purchase duplicate items for different classes. **Teachers may add items to the list below that will be required for their individual subjects.** Please have these items purchased and brought the first day of school. We hope this will help you as you prepare your student for the upcoming year.

Backpack: Items will be utilized throughout the year. Please replace as needed.
