

SAFETY COMMITTEE MEETING MINUTES

July 19, 2018

8:00 AM

Present: Robert Miller, Danielle Yoder, Dustin Dalton, Holly Sawyer, Krissy, Erik Confer, Amy Niewinski

Absent: Pauline Nicosia, Lori Stover, Karen Myers

Minutes: Minutes from the June 28, 2018 meeting were approved. Motion to approve the minutes was made by Holly Sawyer and seconded by Dustin Dalton.

New Business:

High School construction is in final 26 days of project completion. Some areas may not be 100% completed by August 13th. The High School staff may not be able to get into classrooms. The contingency plan will be similar to last summer and Principal Dalton will have staff come in for ½ day on Aug 13th and then come back another ½ day.

Amy N. has created a new Community Worker Right to Know (RTK) training presentation and employee quiz. Previously, employees could answer incorrectly on the RTK quiz and did not know it. The new Google quiz will show the correct answers and provide an employee score. Holly S. and Amy will work on crafting a letter to go out to employees on August 1, 2018 asking them to complete the new training and quiz.

Mr. Miller, Dr. Griffith, and Cody Wian attended the County-wide Safety Meeting at Bald Eagle Area SD on July 13, 2018. There was an "Active Shooter Detector" software system demonstration. This unproven software is supposed to detect muzzle flash and gunfire. The administrators were not impressed by the expensive technology or the company putting on the presentation. Mr. Miller thought it would be more effective to have roaming school resource officers.

Old Business:

The committee discussed how we would campaign or invite new members to be part of the Safety Committee. It would be nice to have representation from all buildings. We may need to change our meeting times or venue to accommodate staff schedules. Members could possibly participate via a Zoom meeting.

Work Place Safety Concerns: Large pile of boxes back near PVEI Receiving Dept.

Accident Review: None

Adjournment: Motion to adjourn by Dustin Dalton, seconded by Holly Sawyer

Next Meeting – August 23, 2018 at 8:00AM
