

Policy

COMMUNICATING WITH THE PUBLIC

The Jersey City Board of Education will keep the community informed of the status of the schools through advertised public meetings, press releases and such other means as may be appropriate. Efforts will be made to communicate in English as well as other dominant languages as feasible.

The public information program of the board and the district shall be directed by the superintendent, who shall arrange to keep the public informed regarding the policies, administrative operations, objectives, and successes or failures of the schools and shall provide interpretation and explanation of the schools' plans and programs.

The district's budget; its audit; its annual goals and its progress toward achievement of them; its special education plans; its bilingual/ESL program; student progress toward achievement of the Core Curriculum Content Standards; graduation statistics and any other information shall be communicated to the public as required by law.

The board's meetings and records shall be a matter of public information except as such meetings and records pertain to individual personnel and other classified matters.

Annually, the school district shall disseminate a report card of each school, which shall contain statistical information specified by the Department of Education, to all staff and parents. The school district shall also make the report card available to the media.

The homepage of each school and the district website will include the grade received from the Commissioner of Education on the effort of each school and the district to implement policies and programs consistent with the laws on harassment, intimidation or bullying. The superintendent or designee shall oversee the postings. The grade shall be posted with 10 days of its receipt. In addition, the district shall provide a link to the twice-yearly report prepared by the superintendent detailing the number and nature of violence vandalism, and harassment, intimidation or bullying reports in the schools.

Avoiding Excessive Expenditures when Communicating with the Public

The board will seek to avoid excessive public relations expenditures, such as by establishing a maximum dollar limit annually, prior to budget preparation for public relations, with appropriate notification to the board if it becomes necessary to exceed the maximum. Upon such notification, the board may adopt a dollar increase in the maximum amount through formal board action.

District publications will be produced and distributed in a cost-efficient manner, for example:

- A. The use of expensive materials or production techniques where lower cost methods are available, such as the use of multi-color glossy publications instead of suitable, less expensive alternatives, is prohibited;
- B. Distribution, via mass mailings or other means to the district community at large, of publications that include the picture(s) of any members of the board of education within 90 days before any election in which any board member is seeking any elective office or any election relating to district operations held in the district is prohibited. Any publication(s) distributed by the board of education via mass mailings or other means to the district community at large within 60 days before any election in which any board member is seeking any elective office or any election relating to district operations held in the district must be

COMMUNICATING WITH THE PUBLIC (continued)

submitted to the Executive County Superintendent for review prior to distribution to ensure that the public funds are being expended in a reasonable and cost-effective manner;

- C. Public relations activities, such as booths at Statewide conferences, marketing activities and celebrations for opening schools and community events, and TV productions that are not part of the instructional program or do not provide, in a cost effective way, information about district or board operations to the public, that are excessive in nature are prohibited. All activities involving promotional efforts to advance a particular position on school elections or any referenda are prohibited.

Donated or Volunteered Services

Nothing in this policy shall preclude boards of education from accepting donations or volunteer services from community members, local private education foundations and local business owners to conduct or assist in public relations services. Examples include, but are not limited to:

- A. Providing district flyers, newsletters or other materials containing district related information of public concern to local businesses, public meeting places or other local organizations to display or make available for dissemination;;
- B. Making district related information of public concern available to local newspapers to publish related articles; and
- C. Utilizing volunteered services of local community members, district employees, members of parent organizations or local businesses with expertise in related areas such as printing, advertising, publishing or journalism.
