Aquinas has developed an Academic Support Program over the years to include as many students of varying abilities as possible; however, all of our students are fully included in the classroom and need to be able to function with supports in place that do not require a one-to-one student/teacher ratio for implementation. Aquinas does not offer a comprehensive developmental program and is not equipped to handle learning disabilities, behavioral/emotional disorders, or other conditions that require a modified curriculum or intensive behavioral support. If after the student has been admitted, the school becomes aware of additional information that impacts the school’s ability to serve the student, the school reserves the right to change its admission decision.
