

8th Grade Parent Panel

The North Kingstown High School PTSO invites parents of incoming freshman to an informal discussion on what to expect next year.

Thursday, March 7th, 7pm at the NKHS Media Center (library)

What staff is there to help my child with any problems? How will he know who to go to?

Will my student fit in? What are opportunities for meeting other students?

What is the number one tip you can give me to help my child in high school?

I forget, what is a PLT or CTE?

Did you miss the 8th grade Open House?

Did you go but still have questions?

The PTSO is organizing a parent panel where you can ask questions in an informal environment. Seasoned high school parents and NKHS Administrative staff will be on hand to answer questions you may have about the transition to high school. Whether you are a parent of a middle school student entering from public schools or a parent from private schools wondering how your child will adjust, we welcome all to this event.

Need more information or want to submit a question in advance?
