Dear Parent or Guardian:

This spring, students in grades three through eight and high school participated in the California Assessment of Student Performance and Progress.

Your child took the following test(s), depending on their grade level:

- Smarter Balanced Summative Assessments for English language arts/literacy (ELA) and mathematics in grades three through eight and grade eleven
- California Science Test (CAST) in grades five and eight and once in high school
- California Alternate Assessment (CAA) for English language arts/literacy (ELA) and mathematics in grades three through eight and grade eleven. CAA for Science) in grades five and eight and once in high school

New! Student Score Reports will now be delivered electronically through your Infinite Campus Parent Portal! Please see separate attachment for step-by-step directions.

If your student is in eleventh grade, you will also find an Early Assessment Program (EAP) status report. The EAP status shows your child's readiness for credit-bearing, college-level courses in ELA and mathematics. If further preparation is needed, your child may need to take specific courses as a senior to prepare for college. For more information, please see the CSU Success web page at <http://www.csusuccess.org/shome2>.

To learn more about your child's scores, go to the new parent web page called *Starting Smarter*, available at <https://www.ca.startingsmarter.org/>.

This site includes:

- resources to help understand results on the student score reports
- access to sample test questions and practice tests
- no-cost resources to support learning
- a guide for parent-teacher conferences

In our district, the test results are just one way to look at how well our students are doing. We use the results to find areas where students are doing well and areas in which they need help. It is also important to know that the test results are not used to determine whether a student moves to the next grade.

Note: If your child took the CAST or the CSA, the results will be provided to you in the late fall.

If you have questions or concerns, please call your students' school office.

Sincerely,

Dr. Doug Kimberly
Superintendent
