Around the World

National Breast Cancer Awareness Month takes place in October across the USA and worldwide. Supported by a number of organizations including the National Breast Cancer Foundation, the month long campaign hopes to help anyone affected by this disease. The statistics for this life changing disease are vast, yet more and more people, women AND men, are surviving the disease thanks to the awareness that is being raised through this campaign and many others like it worldwide. -awarenessdays.com

A Sprinkle of Family Poetry

Rhyming Poems: Rhyming sounds are everywhere-in song lyrics, t.v. advertisements, and poetry. Rhyme is a technique that creates rhythm using words that sound alike. Rhymed poems are a lot of fun to write. Pick any word, and think of all the words that rhyme with it. You'll be amazed at what you come up with! Turn your list in by Oct. 5th to Mrs. Kay and receive a free surprise! Parents must sign activity.
