March 17, 2020

Franklin Regional Families,

The Franklin Regional School District knows that many students and families want to continue learning while school is closed. Our teachers and administrators created resources to support your continued learning and these resources are available on the District website by clicking on the button labeled "School Closure Info." Resource links are at the top of the web page. No student should worry about regular school work right now, but these links are available for those who are interested in some practice and enrichment.

At this time, all Franklin Regional School District buildings are closed to outside visitors. Only essential personnel and those with business (and appointments) in the District will be permitted inside buildings. The school grounds are open, but the District asks any visitors to its grounds to practice social distancing and to not congregate in groups. This is very important to protect your health, the health of those with you, and our entire community. Social distancing is key to protecting each other and should be practiced at all times on school grounds and in our community.

While schools are closed, email is the best way to reach staff members. School personnel are periodically checking phone messages remotely, but email is the best way to contact District staff. The District will continue to provide updates on its website under "School Closure Info."

If any family has specific concerns or needs during this school closure, please contact your building principal via email. The building principals will do their best to help you.

We miss our students and staff very much and appreciate your flexibility during this difficult time. Please take care of yourselves and each other!

The Franklin Regional School District
