Attention Engineering Students: Saugus High School will be hosting Principles of Engineering (POE) class after school next Fall. This is the 2nd class in the Engineering Pathway and is open to students who have completed Intro to Engineering Design. POE explores engineering design problems through robotics, automation, and programming. This class fulfills the A-G Elective Credit requirement and is part of the nationally recognized Project Lead the Way engineering pathway. The class will be offered Tuesdays and Thursday 4-7pm. If you are looking for a hands-on elective in the world or science and technology outside of the normal school day, please see Mrs. Dahlquist in the counseling office to sign up while there's still space.

Fall COC opportunities on campus: For current Sophomores and Juniors, if you would like to take the COC class next year during **First Period** right here on campus, we are offering two dual enrollment classes in partnership with COC: Counseling 110 and Manufacturing 090. Signs ups are NOW - do not miss this opportunity. Sign ups are in the Counseling office.

Library news: Please return your library books either with your classes, before school, during brunch or after your final.

All students signed up for AP Environmental Science next year need to stop by Mrs. Schertz' class X2404 during brunch or lunch this week to pick up your summer assignment.

All students signed up for AP Physics next year need to stop by Mrs. Kaur's class - X2424 during brunch or lunch Friday or next week to pick up your summer assignment.
