School Advisory Committee Meeting dates are listed on the School Calendar and are subject to change. In these times of ever-increasing costs, the School Advisory Committee recognizes and is meeting a need to focus specifically on increasing revenue sources for Saint Bernard School to help stabilize tuition increases and preserve the quality of Catholic Education. If you have any expertise in that area or are just interested in becoming involved in this challenging and exciting committee, please contact Dr. Anthony Merante at 412-341-5444.
