

In memory of John and Patricia Hayes and to honor their life of service to the community, their friends and family have established a scholarship fund to be awarded annually to college-bound senior students from El Dorado High School who have demonstrated extraordinary compassion and service to others.

John and Pat were also inducted into the El Dorado Athletic Hall of Fame for their many years of service to the school, which stretched well beyond those in which 9 of their 10 children and 2 grandchildren attended.
