

Help Our School Receive the Resources It Needs to Support Student Success!

- ✓ The California Department of Education is using a new method to give money to school districts and charter school called the "Local Control Funding Formula" (LCFF).
- ✓ Completing the **Household Income Form** provides the information the State requires so that our school will receive supplemental funding to support student achievement.
- ✓ Please complete and return the form to our school by the due date - **Friday, August 31, 2018**
- ✓ *The Form is 100% confidential and will not be used for any other purpose.*

Household Income Data Collection - Sample Form 1 (District/School Name and EY) Rev. 7/16

3	0 – 27,014	27,015 – 38,443
4	0 – 32,630	32,631 – 46,435
5	0 – 38,246	38,247 – 54,427
6	0 – 43,862	43,863 – 62,419
7	0 – 49,478	49,479 – 70,411
8	0 – 55,094	55,095 – 78,403

Household Size: _____

PART III: Signature

I certify (promise) that the information provided on this form is true and that I included all income. I understand that the school may receive state and federal funds based on the information I provide and that the information could be subject to review.

Signature of adult household member completing this form

Date

Printed name of adult household member completing this form

The information submitted on this form is a confidential educational record and is therefore protected by all relevant federal and state privacy laws that pertain to educational records including, without limitation, the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended (20 U.S.C. § 1232g; 34 CFR Part 99); Title 2, Division 4, Part 27, Chapter 6.5 of the California Education Code, beginning at Section 49060 et seq.; the California Information Practices Act (California Civil Code Section 1798 et seq.) and Article 1, Section 1 of the California Constitution.

Who should I include in “Household Size”?

You must include yourself and all people living in your household, related or not (for example, children, grandparents, other relatives, or friends) who share income and expenses. If you live with other people who are economically independent (for example, who do not share income with your children, and who pay a pro-rated share of expenses), do **not** include them.

What is included in “Annual Household Income”? Annual Household Income includes the following:

- **Gross earnings from work:** Use your gross income, not your take-home pay. Gross income is the amount earned before taxes and other deductions. This information can be found on your pay stub or if you are unsure, your supervisor can provide this information. Net income should only be reported for self-owned business, farm, or rental income.
- **Welfare, Child Support, Alimony:** Include the amount each person living in your household receives from these sources, including any amount received from CalWORKs.
- **Pensions, Retirement, Social Security, Supplemental Security Income (SSI), Veteran’s benefits (VA benefits), and disability benefits:** Include the amount each person living in your household receives from these sources.
- **All Other Income:** Include worker’s compensation, unemployment or strike benefits, regular contributions from people who do not live in your household, and any other income received. Do not include income from CalFresh, WIC, federal education benefits and foster payments received by your household.
- **Military Housing Allowances and Combat Pay:** Include off-base housing allowances. *Do not* include Military Privatized Housing Initiative or combat pay.
- **Overtime Pay:** Include overtime pay **ONLY** if you receive it on a regular basis.

How do I report annual household income for pay received on a monthly, twice a month, every two weeks, or weekly basis?

- Determine each source of household income based on above definitions. Households that receive income at different time intervals must annualize their income as follows:
 - If paid monthly, multiply total pay by 12
 - If paid twice per month, multiply total pay by 24
 - If paid bi-weekly (every two weeks), multiply total pay by 26
 - If paid weekly, multiply total pay by 52
- Add annualized pay together to determine the total annual household income and check the box on the other side of this form if it is within either of the ranges displayed for your household size.
- If your household size exceeds the size on the chart, list household size and total annual household income in the space provided.

If your income changes, include the wages/salary that you regularly receive. For example, if you normally make \$1,000 each month, but you missed some work last month and made \$900, put down that you made \$1,000 per month. Only include overtime pay if you receive it on a regular basis. If you have lost your job or had your hours or wages reduced, enter zero or your current reduced income.

For additional information on Household Size and Household Income, please see the Eligibility Manual for School Meals on the U.S. Department of Agriculture Guidance and Resource Web page at

<http://www.fns.usda.gov/cnd/guidance/default.htm>.
